Semifinal examinations in Anatomy, Histology and Embryology

ED I

Exams start at 13.00

Please, leave your belonging in a locker and gather in front of the Lecture Hall. **Arrive** latest by 12.50.

Don't forget your

- black study book (index)*
- histology note book
- in the case of **second repeated exam**: yellow payment slip issued by the Student Secretariat* (first exam repeats are not charged for)

Items marked by * are obligatory prerequisites, the exam must not start without them.

The last changes concerning the deregistration from a date maybe done via the NEPTUN system 48 hours prior to the selected day.

Parts of the exam

Theoretical part (three topics):

1. Heart, circulatory and lymphatic systems (anatomy and embryology)
2. Digestive and/or respiratory systems (anatomy and embryology)
3. Urogenital system (anatomy and embryology)

Combination of theoretical and practical requirements:

One histological specimen (from the slide collection studied during the semester)

Purpose: To prove the competence and knowledge on the microscopic structure of the inner organs using histological terms and descriptions.

Budapest, 2015.05.07.

Dr. Andrea D. Székely
Associate Professor, Course Director
