Academic year 2017/2018

## EM II. and ED II. COMPETITION ANNOUNCEMENT

The Department of Anatomy, Histology and Embryology organizes a  
***Semester-end competition***

for 2<sup>nd</sup> year students earning previously eligibility during the midterm tests. The competition is offered only to registered participants, therefore eligible students are requested to sign an ***APPLICATION SHEET during Week 12.*** to confirm their wish to take part in the competition. The Application sheet hangs in front of my office door.

The competition consists of a single round of projected images and short theoretical questions. Please, make sure you have your ID card on you for identification. The duration of the test is approximately 60 minutes.

**Time: Monday, December 11, 2017. 17.30**

**Place: Lenhossék Lecture Hall**

**Topics:** the material of the competition covers the topics taught during the present semester, as listed in the Subject matter, including the macroscopy and microscopy of the CNS, PNS, organs of special senses and the endocrine system, together with relevant developmental and theoretical background. The competition includes image/structure identification on slides in Morphology/Histology/Embryology and short questions.

***Students reaching 80%, or more, in the test will be exempted from the semifinal examination in anatomy3 with a mark 5.***

Budapest, 2017. 11. 28.
