### DORMITORIES (B)

There is no rule against foreign students living in the dormitories- however, currently the dormitories have reached their maximum capacity and finding a room there would be very difficult.

Don’t worry though, there is a variety of hostels or apartments for rent to choose from.

2) [Student Housing Real Estate Agency at Faculty of Medicine](http://www.studenthousing.hu/fooldal&lang=en)

Erasmus Student Network Semmelweis can help you find a flat. You can contact them via facebook [https://www.facebook.com/groups/semmelweiserasmusfindflat/](https://www.facebook.com/groups/semmelweiserasmusfindflat/) – or contact your colleagues at home who participated before in the Erasmus mobility programme.
Welcome Letter

Dear ERASMUS Students,

We are very pleased to welcome you to Semmelweis University. The Faculties of Medicine, Dentistry and Pharmacy are looking forward to meeting you! Below you can find some important information about the city of Budapest and the Semmelweis University. In case you have any other questions, don’t hesitate to contact us!

Semmelweis University

Semmelweis University has a more than 230-year old tradition of academic excellence and commitment to the education of physicians. Among Semmelweis alumni are Nobel-laureates, world renowned researchers and clinicians. The University Hospitals have 2800 beds and admit about 112,000 patients annually. The outpatient departments care for approximately 2.1 million patients each year. Research programs at the Preclinical and Clinical Departments are sponsored by the University, the Ministry of Education, the Hungarian Academy of Sciences, by many national and international grants.

Faculty of Medicine

The Faculty provides a standard of education that is fully in line with that of other high quality European medical schools. Its Medicine programme (which results in an M.D. degree) is available in three languages: Hungarian, English and German. In addition to its educational activities, the Faculty is committed to providing the highest level of progressive health care and conducting advanced scientific research within both its classrooms and clinical departments.

Faculty of Dentistry

Four of the Faculty’s six departments, as well as the divisions of Oral Diagnostics and Radiology are located in the recently completed Dental Clinical and Training Centre, one of the most state-of-the-art dental institutes in Europe. With its 12,000 square metres of floor space and 172 dental work stations, it provides an ideal facility and conditions for both undergraduate and postgraduate training and clinical research. The Department of Oro-Maxillofacial Surgery and Stomatology is located in a separate building that has recently been refurbished and rebuilt and completed with a new floor giving room for a new inpatient ward with a 25-bed capacity, as well as a fully equipped operation theatre suitable for major head and neck surgeries under general anaesthesia.
Faculty of Pharmacy

The Faculty of Pharmacy has been a research-oriented unit of higher education ever since its foundation. Fundamental research produces some 120 original peer-reviewed papers annually with an impact factor of 200, headed usually by Pharmaceutical Chemistry and Pharmacology. Organic and Medicinal Chemistry, Pharmaceutical Technology, Analytical Chemistry, Pharmacoeconomics and Pharmacognosy are also well-represented in these statistics.

Erasmus Student Network

The Erasmus Student Network (ESN) is one of the biggest student associations in the world. It was founded in 1989 and its main goal is to help students. ESN helps Erasmus students to find their place in the foreign country by offering them educational, cultural and social help. ESN also works with those students who want to be exchange students and help them apply for a grant, prepare them for living abroad and help their integration for when they return home. ESN’s task is to promote the different exchange programs, as well.

ESN Semmelweis was founded in 2009 and now has about 40 members (the mentors), all of which are volunteers. We help you with the start: find a flat, find the university buildings, learn about the Hungarian culture, visit the most famous places in Budapest and in Hungary, offer you some sport programs and going-out activities. We organise variable events once-twice per week; it can be visiting a museum, hiking, swimming or having a party. If you are interested in their programs, check the following pages:

ESN Semmelweis

Accommodation

Rent a flat
Most students prefer to rent a flat near to the downtown; feel free to get in contact with your fellow students! The suggested districts are the 5th, 6th, 7th districts. In case of 8th please ask for advice from inhabitants.

You can visit the following website:
Student Housing Real Estate Agency at Faculty of Medicine
http://www.studenthousing.hu/fooldal&lang=en

In case you need some help with the apartment hunting, don’t hesitate to contact with ESN Semmelweis: https://www.facebook.com/groups/semmelweiserasmusfindflat/

Student Card

All of the ERASMUS students applied for SMS and SMP will receive a Hungarian student card. You will get it at the ERASMUS office on our first meeting.

The student card provides you with 50% discount at all transport (even outside of Budapest) - just don’t forget to show it when you buy the ticket! Museums and Cinemas also give you discount with the student card.

That card is valid for 60 days, so after that interval you will need to come to the office and we will renew it for you.
Rules & attendance

Rules and regulations

Academic Policies
Class attendance and participation in scheduled laboratories and practices is required. **No more than 3 times of absence is allowed from each subject during a semester (this could differ from subject to subject so make sure you find out at the beginning of the semester).**
Students are expected to take examinations when scheduled.

*A course is considered dropped if:*
- The student misses class more than 3 times (or the set limit)
- The student has exhausted all their exam attempts (3 chances allowed)
- The student is found ineligible to take the examination on repeated attempts.

**Practical Course** Grade (gyakorlati jegy) may follow either the 5-scale or 3-scale grading system

**Semi-final Examination** (kollokvium) evaluation of the subject matter of one semester: 1–5 grading system

**Grading System**

- **Five-Scale:**
  - 5 (jeles) – Excellent
  - 4 (jó) – Good
  - 3 (közepes) – Fair
  - 2 (elégséges) – Pass
  - 1 (elégtelen) – Fail

- **Three-scale:**
  - kiválóan megfelelt – Excellent
  - megfelelt – Satisfactory
  - nem felelt meg – Unsatisfactory

**The European Health Insurance Card**

The card ensures that you will get the same access to public sector health care (e.g. a doctor, a pharmacy, a hospital or a health care centre) as nationals of the country you are visiting. If you have to receive medical attention in a country that charges for health care, you will be reimbursed either immediately, or after you go home to your own country. The idea is that you are given the care you need to allow you to continue with your stay. Some websites are known to be offering the European Health Insurance Card in exchange for money. Please note that the card is available free of charge through your local health authority. [http://ec.europa.eu/social/main.jsp?catId=559](http://ec.europa.eu/social/main.jsp?catId=559)
Transport

Public transport (BKV ZRt)

With student card you can buy a semester pass for students for 16.200,- HUF, or monthly pass for students for 3.450,- HUF at the ticket office, which can be found at every metro station (or through the automated machines - however keep an eye on your belongings!). A semester pass is valid from 1st of September until the 30th of January of next year. A monthly pass is valid for 30 days for all vehicles of the public transport in Budapest.

Let’s do your first shopping in Hungarian:

At the ticket office you should say: “Szemeszterre szóló Budapest bérletet kérek” - Please give me a pass for a semester! Or “Egy diákbérletet kérek” - Please give me a monthly pass for students.

Budapest’s network of public transport services includes buses, trolleybuses, trams, underground trains (Metró) and over ground suburban trains (HÉV). Buses, trams and trolleybuses run daily from 4.30 a.m. until 23.00 p.m. Three Underground lines connect at Deák tér Station, two underground lines connect at Kálvin Square Station and service frequencies range from 15 minutes late in the evening to every two minutes at peak times.

Please note, on the Underground system these boxes are in the stations at the escalator. There are lots of ticket inspectors: some are uniformed and others plain-clothed, but they always wear a red armband and carry a photographic identification badge. They can ask to see tickets and passes on any vehicle and anywhere on the Underground system, including after you have got off! – so please remember to validate your ticket and keep hold of it!

Taxis

Taxis have the word “Taxi” written on them, they are yellow and have yellow registration number plates. It is compulsory for them to use a taximeter that can also give a receipt. The price chargeable is calculated according to the distance travelled but will also include a fixed booking fee and (if appropriate) a waiting fee. It is customary to give a tip of ten per cent, depending on the level of satisfaction.

It is well worth noting down their telephone numbers, and then calling them, because a taxi ordered by phone is cheaper than one called on the street.

Travelling to Budapest

By air
Budapest Ferenc Liszt (Ferihegy) International Airport is ten miles south-east of the city centre. The airport’s central telephone number for information is (+36-1) 296-9696, and flight information is available on (+36-1) 296-7000. More information about departures / Arrivals: www.bud.hu. Luggage services can be contacted on (+36-1) 296-8108 and (+36-1) 296-7217 in connection with flights into and out of Terminal 2A, and (+36-1) 295-3480 and (+36-1) 296-7948 for Terminal 2B. It is very popular and provides excellent value for money. It can be booked on (+36-1) 296-8555 or in person at the airport. www.airportshuttle.hu We suggest Airport Minibus because it takes you directly to the accommodation, and cheaper than taxi... and for sure you will be not cheated.

By rail
More than fifty trains a day provide direct links between Budapest and no fewer than 25 other capital cities. Trains to Vienna run every three hours. There is also a popular network of Inter...
City trains linking Budapest with the main Hungarian centres. International trains operate from the three largest stations:
Keleti pályaudvar: VIII., Baross tér. Tel: (+36-1) 413 - 4610.
Nyugati pályaudvar: VI., Nyugati tér Tel: (+36-1) 349-8503
Déli pályaudvar I. Krisztina krt. 37. Tel: (+36-1) 375-6593
All three international railway stations are part of the Budapest Underground system, the Metró.

All Hungary’s motorways and most of her main roads radiate out from the capital. The M1, M3, M5, M6 and M7 are toll motorways, and you must pay the appropriate toll (either at the border or at larger petrol stations) before joining the road. Road signs conform to continental standards. The wearing of seatbelts is compulsory in both the front and back seats, and only handless mobile telephones may be used whilst vehicles are in motion. The alcohol limit is zero. Speed limits are 50 km/hour (31 mph) in built-up areas and 90 km/hour (56 mph) elsewhere, except on dual carriageways (110 km/hour, 68 mph) and motorways (130 km/hour, 80 mph). The horn can only be used in built-up areas in an emergency. 24-hour roadside assistance is available from the Magyar Autóklub (Tel.: (+36-1) 345-1755), and emergency roadside help can also be called for by dialling 188.

Good to know

Currency exchange
All visitors are advised to exchange currency only at accredited places. It is both risky and illegal to attempt to do so in the street. The majority of banks have 24-hour ATM’s some of which can also exchange foreign currency. Individual banks and travel agencies are free to set their own rates (based on those advertised by the Hungarian National Bank) but they must be clearly displayed. It is advisable to keep records of currency exchange transactions until leaving the country. Rates offered at bureaux de change in the city centre are generally better than those available in the banks, at the airport and in hotels.
The Hungarian currency is the forint. There are coins to the value of 5, 10, 20, 50 and 100, 200 forints, and notes for 500, 1,000, 2,000, 5,000, 10,000 and 20,000 forints.

All the most popular credit, debit and charge cards
- AMEX,
- Diners Club,
- Cirrus,
- EnRoute,
- Euro/Mastercard,
- JCB and
VISA can be used in banks and in ATM’s to withdraw forints, and in hotels, restaurants and shops for purchases. Signs are displayed at the entrance showing which cards are acceptable.

Post offices
Post offices are open Monday to Friday from 8 a.m. until 6 p.m.
The two Head Post Offices near Budapest’s main railway stations are open longer as follows:
   VI. Teréz krt. 51 (near the Western (Nyugati) Railway Station):
       Monday to Saturday 7 a.m. until 9 p.m.
   VIII. Baross tér 11. (Eastern (Keleti) Railway Station):

Security
The general public security situation in Budapest is said to be good on an international average. All the same, it is better if tourists are prepared for certain typical situations so that they do not end up feeling cheated or robbed.

Never get mixed up in changing money or gambling on the street. Besides both being illegal, you are very likely to lose most or all of your money in these schemes. Carry documents, money and credit cards in a closed, inner pocket, and don’t carry a lot of cash around town. Never leave valuables in your car.

If your passport is stolen, you must report the loss to the local district police headquarters, and please make contact with your consulate in Budapest
Or should you need a prompt help:
Budapest and Pest County Directorate of the Office for Immigration and Citizenship
Address: H-1117 Budapest, Budafoki út 60, Tel: 463-9165, 463-9181
Open: 24 hours

The Hungarian police also has a number for foreigners to call („Tourist Police”). This 24-hour hot-line was set up specifically to help English-language speakers report crime. The office is based at V. Vígadó utca 4.

Budapest’s pharmacies (gyógyszertár in Hungarian) are well stocked and can provide medicaments for most common ailments. The location of the nearest all-night chemist is displayed on the door of every pharmacy.

SURVIVING THE SEMESTER
-TIPS-

This small guide is offered to you by Piero, an Italian Erasmus student, and Maria, the Student Union representative of the English Program. We created this list with the aim to help you integrate into the Hungarian capital and your university with as much ease as possible - don’t hesitate though to ask your classmates for further information!

For any questions you might have regarding your education, feel free to contact Maria at vrentzou.m@gmail.com

Step 1) Join the following facebook groups- they will prove to be very useful during the semester:

- **ESN** - this way you can keep in touch with your peers and join their events.
  [https://www.facebook.com/esn.semmelweis/](https://www.facebook.com/esn.semmelweis/)

- **Hungary EXPATS** - internationals in Hungary stick together! Feel free to get in contact with them. [https://www.facebook.com/groups/hungary.expats/](https://www.facebook.com/groups/hungary.expats/)

- Ask your classmates to add you to the class facebook group. It will save you loads of time from trying to find the appropriate notes or material that you are supposed to study from. We like to create the atmosphere of a community; therefore the entire time you spend with us, you are one of us!

Step 2) You can check your semester schedule on the orarend website (ask the Erasmus office to give you the correct link for the current semester). On the website, EM = medicine, ED = dentistry, EP = pharmacy. See your timetable according to the group you registered for.

Step 3) Regarding your exams: make sure you find out early in the semester the exam format and the website of the subject-including where exactly you will be able to find the lecture and practical slides (some of the departments upload their material on lib.semmelweis.hu → set the website on English language → log in with your Neptun code and password (which will be given to you on your arrival) → knowledgebase → type in the specific subject). You will be able to register for your exams through the Neptun website: [https://neptunweb.semmelweis.hu/hallgato/login.aspx](https://neptunweb.semmelweis.hu/hallgato/login.aspx). In there you can also check the proposed exam dates and decide on a schedule you create yourself! You will receive an email from the secretariat about the registration a couple of weeks in advance. For additional material and tips ask your classmates!

Step 4) Now to find out where your classes will be. Since you will all be attending different years (and some of you a combination of different years), we made a list of the departments according to the faculty you belong to.
