

REQUIREMENTS – SUBJECT PROGRAMME

<p>Name of the educational department: Semmelweis University Faculty of Dentistry Department of Prosthodontics</p>
<p>Name of the course: Clinical Dentistry II.</p> <p>Type of the course: <u>compulsory</u></p> <p>credit: 3</p> <p>creditcode: FOKOFPK261_2A</p> <p>weekly sessions: 5 * 45 min practices, (5th academic year, 2nd semester)</p>
<p>Lecturer of the course: Prof. Dr. Péter Hermann, Head of Department of Prosthodontics; Dr. Zsuzsanna Tóth, Head of Department of Conservative Dentistry</p>
<p>Contact: Prof. Dr. Péter Hermann, Head of Department: hermann.peter@dent.semmelweis-univ.hu</p> <p>Opening hours of the Secretariat: Monday: 8:00 – 12:00 Tuesday: 8:00 – 12:00 Wednesday: 8:00 – 12:00 Thursday: 8:00 – 12:00 Friday: Closed</p> <p>Students are welcomed only in the office hours. Please be aware of it!</p>
<p>Academic year: 2019/2020./II.</p>
<p>The goals of the course in point of view of the education: The aim of the practice is to teach the sequence of the dental treatment like operative dentistry and endodontics, prosthodontics in the same patient. To teach the theoretical background and practical knowledge of operative dentistry and endodontics, prosthodontics. To teach how to integrate these two disciplines in treating one patient.</p>
<p>Topic of the lectures: No lecture in the second semester</p> <p>Topic of the semester: The aim of the practice is to make fillings, root canal treatments, inlays, fixed and removable prosthodontics, for the patients of the clinic.</p>
<p>Attendance on practices and lectures, replacement in case of missed sessions: Students must attend the weekly practices.</p> <p>No more than a 25% of the practices are allowed to be missed for any reason – not even with a doctor's note – otherwise the semester will not be accepted. Doctor's notes can only be accepted after an individual. The medical notes will be sent back to the supervisory section of the issuing medical institutions for verification.</p> <p>A student is considered to be late from the practices if he/she arrives no more than 15 minutes later than the time set by the timetable. These late arrivals are marked in the attendance sheet and if someone is late three times within a semester, it will be considered an absence. However, if someone is more than 15</p>

minutes late from the practice, it will be already registered as an absence, but the student will be allowed to attend the practice.

There is no possibility to replace the practices.

Consequences of absence from sessions and exams:

Students must attend the weekly practices.

No more than a 25% of the practices are allowed to be missed for any reason – not even with a doctor's note – otherwise the semester will not be accepted.

Doctor's notes can only be accepted after an individual. The medical notes will be sent back to the supervisory section of the issuing medical institutions for verification.

There is no possibility to replace the practices.

Topics dates and number of midterms (oral reports, written tests), possibilities to replace and repeat them – assessment of knowledge:

During the semester the students will get grades for oral reports or written tests. This consists of questions about the curriculum, the knowledge of the lectures and practical sessions. Compulsory written tests are carried out two-times in the semester, satisfactory grades can be given in case of a result of at least 50% or above. Written tests are carried out on the practice, the students will get the information about the exact time of the test on the first week of the semester.

Grading of the tests:

1: - 49%

2: 50% - 63%

3: 64% - 76%

4: 77% - 89%

5: 90% - 100%

In case of an unsuccessful test, there are two possibilities to repeat.

Written test will be held in the 1st week, and midterm will be held in the 7th week. Retaking the written test and the midterm (or in case of no show, supplementing) is possible twice during the semester. Replacement/correction of the written test would be passed in the 2nd and 3rd weeks. Replacement/correction of the midterm would be passed in the 9th and 11th weeks.

At the end of the semester, students get practical grade. Students get the practical grade from the valuation of their theoretical and practical work, such as behavior and attitude during the practices.

Practical grade is considered unsatisfactory if the average of the test grades are not over a 2,0 average. In case of an unsatisfactory practical grade, the semester will not be accepted.

Requirements of an accepted semester (signature of the lecturer), numbers and types of tasks for students:

At the end of the semester, students get practical grade. Students get the practical grade from the valuation of their theoretical and practical work, such as behavior and attitude during the practices.

Practical grade is considered unsatisfactory if the average of the test grades are not over a 2,0 average. In case of an unsatisfactory practical grade, the semester will not be accepted.

No more than a 25% of the practices are allowed to be missed for any reason – not even with a doctor's note – otherwise the semester will not be accepted.

Grading of courses:

At the end of the semester, students get practical grade. Students get the practical grade from the valuation of their theoretical and practical work, such as behavior and attitude during the practices.

Practical grade is considered unsatisfactory if the average of the test grades are not over a 2,0 average. In case of an unsatisfactory practical grade, the semester will not be accepted.

Type of the exam: No exam
Requirements of the exam: No exam
Exam registration: No exam
Rules for the modification of the exam registration: No exam
Rules of absence from the exam: No exam
