

Requirements

Name of the educational department: Semmelweis University, Department of Community Dentistry
Subject name: Emergency Dentistry I. Subject type: criteria subject code: credit points: -
Lecturer: Dr. Peter Kivovics, Head of Department
Year: 2019/2020 I.
Subject program, subject accreditation: The purpose of the subject, that the dental student would be able to recognize and cope with the possible daily emergency cases at the dental practice. In the 21st century dental emergency does not mean only extractions. It also includes Conservative Dentistry, Prosthetic, Pedodontics, Orthodontics as well as Periodontic aspects. The curriculum of the Community dentistry is an integral part of the other subjects. This special field of dentistry is necessary to teach separately, that the introduction of individual cases in community dentistry help with understanding of other field of dentistry as well. Especially important this subject for graduates, as they do not possess yet enough theoretical and practical knowledge, which would make them capable to solve any emergency case with ease. Department of Community Dentistry is responsible for all Budapest and Pest county dental care, therefore is able to provide sufficient number of patients for practical education.
Thematics of subjects Practice practice in the Emergency service of the Department of Community Dentistry.
Attendance on practices and lectures, replacement in case of missed sessions: Students must attend lectures and practices. More than 25% absence is not accepted under any circumstance, therefore verifying your absence is unnecessary. There is no possibility to replace the lectures and practices.
