

Dear Students!

Important information on Lab Med Exams:

1. The exam consists of 50 questions; during the test exam your duty is to give the correct answer out of 4 possibilities for each question.
2. The 50 questions will be selected from the pool of 300 questions uploaded to the homepage ([file:///C:/Users/Barna/Downloads/LEARNING-ASSISTANCE-2016%20\(1\).pdf](file:///C:/Users/Barna/Downloads/LEARNING-ASSISTANCE-2016%20(1).pdf)). The pool was actualized and finalized TODAY (2 MAY, 2016).
3. Correct answers on questions are given in lectures uploaded to the homepage (<http://semmelweis.hu/laboratorium/english/lectures/>).
4. The exam is electronic. The site of exam is one of ground seminar rooms in Nagyváradi tér.
5. A trial exam will be kept between 9 and 13 of May. You should sign for the trial exam at the Office of Institute of Lab Med, located on Floor 14, between 2 and 7 of May, between 8 am and 3 pm (1 pm on Friday). The site of trial exam is one of ground seminar rooms in Nagyváradi tér.
6. You have a choice to accept the mark offered at the trial exam or not.
7. If you have an accepted mark, you should choose the date of an exam specifically selected for offered marks (this date will be 24 May and will be opened just for offered marks).
8. There will be no official lecture on the last day, just an opportunity for consultation in my office for those who request it via email.

Best regards
