6 November, 2019, Budapest

INVITATION

for the Semmelweis International Students’ Conference 2020

The Students’ Scientific Association of Semmelweis University invites You and your student for the conference to be held at

Semmelweis University, Budapest Nagyváradi square 4.

at 19 March, 2020

Following the tradition of the previous years, within the framework of the Semmelweis International Students’ Conference, the Semmelweis Students’ Scientific Association also organizes three practical competitions: a Surgery Practical Competition with individual participation, János Kabay Pharmaceutical Practical Team Competition (for groups of 3-5), and Jolán Bánóczi Practical Competition for Dental Students, individually.

The purpose of these competitions is to enable the participants of the conference to compare not only their theoretical scientific qualification, but also their practical, problem-solving abilities with those of the other students from different countries.

I would like to wish you a successful meeting, and a nice and fruitful stay here, in Budapest.

Abstract submission deadline: 15 November – 13 December

More information about the Conference can be found at:

http://semmelweis.hu/tdk/en/conferences/semmelweis-international-students-conference/invitation/

Yours sincerely,

Attila Szijártó M.D., Ph.D., D.Sc.
President of the Students’ Scientific Association
Semmelweis University, Budapest
