

Semmelweis University

Department of Anatomy, Histology and Embryology

Academic year 2016/2017

September 5, 2016

EM I ANNOUNCEMENTS

Evaluation is made using a five-grade scale (1-5).

Signing of the lecture book: active participation in lectures, dissection room and histology lab sessions is obligatory. Students should attend at least 75% of the scheduled hours to gain a signature proving the validity of the semester. Absences are therefore limited in **25%**.

Midterm examinations: During the semester, both practical and theoretical knowledge will regularly be evaluated. The midterm tests are obligatory and cannot be done at a different time, neither can they be retaken. The anatomy and histology mid-terms may be oral or written exams.

Anatomy mid-terms include both identification of several structures on the specimen and theoretical questions related to the subject. **Histology** midterms include the identification of a certain number of structures in slides, as well as, theoretical questions related to general embryology. The results of all tests will appear on the personal achievement cards.

A semester practical mark is calculated from the midterm marks together with the personal achievement mark given by the group instructor. This practical mark will be counted into the semifinal examination and will be written on the personal achievement cards.

Semifinal examinations are composed of the following parts:

1. written pretest,
2. oral examination (practical and theoretical questions in Macroscopy and Histology) in the and the identification/description of one (or, if necessary, two) histological specimen.

Notebooks should be used regularly in **histology lab sessions** in order to prepare schematic drawings of the histological specimens. Students will be asked to present their histology notebooks, containing the drawings, during the semifinal exams.

N.B. – In case, neither the first nor the repeated takes of a semifinal exam have been successful and so the exam has to be postponed to the following, exam period (i.e. 'CV' exam), only those students will be allowed to go for a CV exam, parallel to continuing their studies whose average score of the midterm tests) is equal, or higher than 2.00.

Dr. Andrea D Székely
Associate Professor, Course Director
