

Anatomy, Histology and Embryology Competition

for 2nd year

English Medical Students

Only those students can attend the competition who achieved at least 4 on the first and second midterms (NOT the average of them!).

Date and time: December 7th at 4.30 p.m.

Place: histology labs

Topic: the complete material of the 3rd semester (approx. 50% anatomy, 30% histology and 20% embryology), with pictures and their related theoretical questions.

Further information:

The competition is an electronic test therefore, everybody should get access to the Semmelweis University E-learning website via SeKa.

The students who achieve 80% on the test can get exemption from the semifinal exam with an offered grade (80-89,99%: 4, equal or higher than 90%: 5).

Sándor Katz MD, Ph.D.

Assistant Professor

Tutor of the English Medical Course
