

INFORMATION ABOUT THE SEMIFINAL EXAM **FOR the 2nd YEAR EM STUDENTS**

The exams will be held on Tuesdays and Thursdays during the 7 weeks of the exam period.

***N.B.** The last changes concerning **registration/deregistration** from a date maybe done via the NEPTUN system **48 hours before** to the chosen day. The department reserves the right not to deregister students missing the deregistration deadline.*

Parts of the semifinal exam:

- 1) **Written test at the 1st histology lab: Anatomy, Histology and Embryology: 40 questions/50min** – (60% of answers will have to be passed for the successful test)
- 2) **Histology**: 2 slides (oral exam)
- 3) **Gross Anatomy exam at the 1st floor dissection room** (oral exam)

Even failing (1) a part of the exam will result in an unsuccessful semifinal exam. Retakes may be attempted earliest in 3 working days.

In case of an unsuccessful exam, the 1st retake will be free of charge, while for a **second retake exam** you will need to pay a fee ahead of the exam and present a proof of it upon entering the exam room.

The exams start at 1pm.

On the day of the exam, leave your belonging in a locker (1st floor dissection room) and gather in front of the Histology labs at least 10 minutes before the exam starts.

Please, remember to have your

- ID
- pens (only for the Histology part)
- admin name and password for SeKA login

Furthermore

NO mobile phones and any electronic devices

Written test

Topics of the third semester: Anatomy, histology and embryology of the CNS and PNS (including neurovasulature, meninges, cranial nerves, plexuses, autonomic nervous system), sensory and endocrine organs; skin and appendages.

Students will be seated at the computers (no pens or other tools are allowed for this part) and the exam starts when everybody is logged in. Students are responsible for having a correct login name and password on them or they will be suspended and the exam is invalid (fail).

Students using illegal devices will be suspended and an official investigation together with a university disciplinary procedure will follow.

Upon finishing the test, students will immediately be able to see their results and they can also have a look at their correct and/or wrong answers. There will be no separate possibility to view the tests.

Histology - oral exam

Topics: Nervous tissue, endocrine organs, skin and appendages and sensory organs.

Students will be seated for Histology and will get two slides (two numbers) to view.

Students ready with the Histology part should wait in the hallway, and then they will be escorted to the next exam part.

Gross Anatomy - oral exam

Topics:

- 1. Gross anatomy of the CNS***
- 2. PNS (cranial nerves, plexuses), autonomic nervous system***
- 3. Sensory organs***

In case of, unsuccessful anatomy semifinal exam the exam may be postponed to the following exam period (as a 'CV' exam), if you have exam chance(s) left. Only those students will be allowed to continue their studies (registering for Anatomy 4) whose average score of the 1st and 2nd midterm tests is equal or higher than 3.00. For further details, please consult the Calendar 2018/2019.

ANATOMY CONSULTATIONS:

9.00-12.00 on Mondays and Wednesdays in the 3rd floor dissection room.
