

Anatomy, Histology and Embryology Competition

for 2nd year

English Medical Students

Only those students can attend the competition who took successful Anatomy 3 exam (only CV Students are not eligible to participate).

Date: April 30th (*The exact time will be published soon.*)

Place: histology labs

Topics: the complete Anatomy, Histology and Embryology material of the 1st -4th semesters

The Competition consists of two distinct Moodle tests:

- 1. Anatomy and Embryology Test** (approx. 90% anatomy and 10% embryology) – 40 minutes,
- 2. Histology and Embryology Test** (approx. 90% histology and 10% embryology) – 20 minutes.

The tests will be built up by cadaver and histology photos, drawings and multiple-choice questions. **There is a possibility to take only one test.**

Further information:

The competition is an electronic test therefore, everybody should get access to the Semmelweis University E-learning website via SeKa.

Exemptions are offered only from the written and/or histology parts (70-79.99%: 4, equal or higher than 80%: 5), the gross anatomy practical part of the final exam is obligatory for everyone.
