

# CV announcements for Medicine and Dentistry students

(AOKANT461\_1A, FOKOANT155\_1A, FOKOANT155\_3A)

**CV semifinals** will be organized only 4 times during this examination period, and will start at 8.00 on Mondays (see in neptun). The examination follows the format of the previous exam period, however, a **passing rate of 50%** will be applied here too.

**Please note, that students may only have that many attempt as many they have not yet used out of the total number of 3 (or 4 when calculating with the Dean's permission's exam too).**

## Exams start at 8.00 in the Histology computer laboratory (Rooms 2-3).

Please make sure you have the following items on you:

- ID card/student card
- SeKA login details (*written down on paper – just in case*)
- 1-2 pens
- Pair of anatomical forceps
- Histology notebook
- in case of a retake exam – **proof of payment** (*except for the 1st retake*)

Phones and smart watches are not allowed to be with you during examinations.

You will be seated down in Room 3 first and then, if necessary, in Room 2. All three courses including 1st and 2nd year Dentistry together with 1st year Medicine join in the examination.

### MEDICINE ANATOMY 1 CV

The test is composed of altogether 40 questions (only text).

Embryology part – 10 questions (10 minutes)

Passing rate: 50%

Anatomy and Histology part – 30 questions (30 minutes)

Passing rate: 50%

### DENTISTRY ANATOMY 1 CV

The test is composed of 40 questions (only text).

Writing time: maximum 40 minutes.

The questions will cover Anatomy and Histology for 1st year students

Passing rate: 50%

### DENTISTRY ANATOMY 3 CV

The test is composed of 40 questions (only text).

Writing time: maximum 40 minutes.

The questions will cover Anatomy, Histology and Embryology for 2nd year students

Passing rate: 50%

Upon passing the test

- 1st year **Medicine** students will be given **2 Histology slides;**
- 1st year **Dentistry** students will be given **1 Histology slide and 1 Embryology theory question;**
- 2nd year **Dentistry** students will be given **1 Histology slide to explain.**

For students passing Histology, the examination continues in the Dissection Room (Dentistry students) or in the Lenhossék Lecture Room (Medicine students).

Following a successful **Morphology examination** a mark will be calculated from the marks gathered during the examination as well as from the dissection room mark given by the Tutor.

**Students failing the examination, may repeat the exam only if they have chances left.**

I wish you a successful examination period!

Dr Andrea D Székely  
Associate Professor, Course Director
