11.00 for EM 13-17 groups:

Room No. 1: EM 13, 14

Room No. 2: EM 15, 16

Room No. 3: EM 17

The midterm test is obligatory. Without a valid grade (1-5) the semester is not accepted.

Two retake midterm tests will be held on the 13th and 14th weeks.

The test takes 20 minutes (30 questions: approx. 70% single choice and 30% multiple choice questions).

Topics:

Ribs, vertebrae and their joints (including atlantooccipital joint).

Abdominal muscles. Inguinal canal. Rectus sheath.

Diaphragm.

Muscles of the thoracic wall.

Back muscles, suboccipital muscles (about the 'deep' back muscles visit the link below:

http://semmelweis.hu/anatomia/files/2018/12/Autochtonous-intrinsic-muscles-of-the-back_20171116.pdf

Bony framework of the skull (including cavities and spaces).

Masticatory and mimetic muscles.

Muscles, triangles, fasciae and movements of the neck.

Temporomandibular joint.

Further information:

Please, gather at the hallway at least 10 minutes before the test starts.

Please, remember to have your

- ID or Student Card
- Admin name and password for SeKA login

**DO NOT TALK TO, SIGNAL TO OR DISTURB OTHER STUDENTS
DURING THE TEST.**

**Mobile phones, smart watches and any electronic devices
are prohibited.**

The midterm test is electronic therefore, everybody should get access to the Semmelweis University E-learning website via SeKa. To activate the SeKa account please visit the link below. https://seka.semmelweis.hu/en/help/seka_activation

Keep in mind, if you cannot log in, you will fail.

Those who achieve at least 4 on 1st (upper and lower limbs) and 2nd midterm tests (e-learning type), will be exempted from the practical (oral) part of the semifinal exam with grade 5 and should pass only the theoretical (electronic) test. NOTE: ONLY THE FIRST TRIES on the 7TH and 12TH weeks ARE COUNTED, THE RETAKES NOT.
