

Semmelweis University
Faculty of Medicine and Faculty of Dentistry
Academic year 2020/2021

Lecturing during the 2nd semester *covid19 protocol*

- There will be two + two lectures a week for students enrolled in the Macroscopic Anatomy II and Microscopic Anatomy and Embryology I courses during the semester.
- Titles together with the names of the lecturers are listed in the schedule (see also in the Handbook).
- All lectures in the Faculty of Medicine and the Faculty of Dentistry will be held online since a safe social distance would not be possible to keep within the lecture halls.
- Lectures (including a voice over) and lecture notes will be uploaded in Moodle where students may access the lectures as well as further study aids. Log in via SeKA using a personal name and password.
(<https://itc.semmelweis.hu/moodle/login/index.php>)
- **PLEASE NOTE:** All practical classes will be held with personal presence

We wish you a successful and healthy semester!

Dr. Andrea D Székely
Associate Professor
Course Director of the English Language Program
