PARTS OF THE SEMIFINAL EXAMINATION

WRITTEN PART (Students may not leave the room during the test)

The test is composed of 40 simple / multiple choice questions

Writing time: 40 minutes

These students should present themselves at 12.45 on the day of the retake examination at the Lenhossék lecture room.

- Locomotor system
- Internal organs
- Macroscopy of the CNS (including meninges and blood supply too)

Further questions other than the identification of the presented specimens may arise, e.g. discussing the theoretical relevances. Students may be asked to produce schematic drawings of certain regions .

MARKING SYSTEM

The mark of the semifinal examination is calculated from the all marks earned during the examination.

- If one part of an examination results in fail (1), the entire examination is terminated with a fail (1).
- In case the result of one of the parts is **1/2**, the overall result of the examination CANNOT be better than a pass (2). This mark can only be earned once during the examination.
- **Technical problems** concerning registration or deregistration via the neptun system are beyond the scope of the Department, Students should seek help from the neptun group of the Secretariat.
- The Registrar of the English Secretariat is not entitled to register or deregister students with the only exception of using the 4th chance upon getting the Dean's permission.

Registration has to be done in neptun according to the Study and Examination Policy. Registration is open until 6.00 on the day of the examination. You may deregister from the examination before midnight on the preceding day.

Absences – no-show at the semifinal examination reduces the remaining examination possibilities and Students will have to pay a missed examination fee via neptun.
