

# **Action plan based on the student feedback received in the 2nd semester of the 2020/2021 academic year**

**Department:** Department of Anatomy, Histology and Embryology

**Faculty:** Faculty of Medicine, Faculty of Pharmacy

**Subject:** Anatomy (theory), Anatomy (practice) (GYKANT118E1A, GYKANT118G1A)

## **Our feedback on general comments by the students:**

There was no comment. The data received in the Anatomy (theory) and in the Anatomy (practice) questionnaires were controversial, we cannot interpret. Only 20-29% of the students filled in the questionnaires, and the results were either above the faculty average (in case of the Anatomy (practice) subject questionnaires), or below it (in case of the Anatomy (theory) subject questionnaires).

## **Our feedback on specific comments on mandatory subjects:**

There was no comment.
