

EM I

ANNOUNCEMENTS CONCERNING THE FINAL EXAMINATIONS in Macroscopic Anatomy and Embryology II. (new curriculum)

Final examinations are held in the Histology computer laboratory (written part) then in the lecture halls (practical part) on Tuesdays and Thursdays starting at 12.00 in general.

REGISTRATION ISSUES (before the examination)

Registration has to be done in Neptun according to the Study and Examination Policy.

- **Registration** is open until 6.00 on the day of the examination. You may deregister from the examination before midnight on the preceding day.
- **Absences** – *no-show* at the semifinal examination reduces the remaining examination possibilities and Students will have to pay a missed examination fee via Neptun. In case of health problems, Students will have to present a doctor's note within 3 working days to be evaluated by the Head of Department. If accepted, the number of the Student's examination possibilities will not be reduced.
- **Technical problems** concerning registration or deregistration via the neptun system are beyond the scope of the Department, Students should seek help from the Neptun group of the Secretariat.
- The Registrar of the English Secretariat is not entitled to register or deregister students with the only exception of using the 4th chance provided by the Dean of the Faculty (i.e. Dean's chance, „golden“ chance).
- The total number of **examination seats** is set (200% of the number of students in a given course), therefore the number of examination seats will not be increased.
- **Retake of a successful examination** - Students unhappy with the result of an otherwise successful examination may apply in writing with the Course Director, to retry the examination. They will be registered by the Course Director in neptun. Please note, that such a retake examination does not necessarily result in a better mark

On the day of the examination

Please leave your bags in a locker and gather in front of the Histology lab 10 minutes before starting time (as seen in Neptun). Please make sure you have the following items on you:

- ID card/student card with a photograph (you may not start the examination without it)
- SeKA login details* (memorize or write them down on a small piece of paper)
- *Students who cannot login /forgot their password will be considered as „absent“ (see above) and have to sit for the examination on a different day
- In case of a retake exam – proof of payment (except for the 1st retake)
- **DRESS CODE – formal (black and white)**
- Phones and smart watches have to be stored elsewhere during examinations

- Neither pens nor papers may be with you during the written part
- You cannot take notes or talk to your peers during the examination
- For safety reasons you may keep your valuables (money, cards, IDs, etc) on you, however „large” items, such as phones (switched off), tablets (switched off) and pencil cases will be collected upon entering the examination room.
- Rubber gloves are provided by the department
- **No chewing gum, no food, no drinks are allowed while on the premises**

PARTS OF THE FINAL EXAMINATION

WRITTEN PART (*Students may not leave the room during the test*)

The test is composed of 50 simple/multiple choice questions including 15 **Embryology** questions. (For a concise topic list see the Handbook/Requirements)

Writing time: 50 minutes

Passing rate: 60%

(0-23.99 points=fail, 24-27.99=satisfactory, 28-31.99=average, 32-35.99=good, 36-40=excellent)

- Following the completion of the test Students may view their results, however, neither questions may be asked nor notes may be taken during this time.
- Students may not leave the room before the inspection time expires. Everybody should leave at the same time.
- Students not reaching 60% percent in the written part cannot continue (i.e. fail) the examination and should leave.
- Students failing the examination in a subsequent practical part may be exempted from the written test during the retake examination ONLY if they gained a good (4), or excellent (5), result from the written test. These students should present themselves at 12.45 on the day of the retake examination at the Lenhossék lecture room.
- Students with an exemption from the written part earned at the EXAM COMPETITION will have to present themselves at 12.45 at the Lenhossék lecture hall. Exemptions will expire past the summer examination period (i.e. will not be valid for a CV examination due in the winter examination period).
- In case students would not like to live with the exemption, they should notify the Course Director (Dr Székely) by writing an email 48 hours before the examination.

MACROSCOPY PART (*oral examination*)

This part is held in the Lenhossék or Huzella Lecture Halls. Rubber gloves and labcoats are provided by the department. Here the Students are examined on prosections covering the topics discussed during the two semesters. (For a concise topic list see the Handbook/Requirements)

Further questions other than the identification of the presented specimens may arise, e.g., discussing the theoretical or embryological relevances of a structure. Students may be asked to produce schematic drawings of certain regions as part of the examination.

MARKING SYSTEM

The examination finishes in the Lecture Hall, where Students are given a mark calculated from all previously earned marks - 1 mark from the written test (passing level: 60%, see above), and further 3 marks from the dissection part (1. *musculoskeletal system*, 2. *internal organs*, and 3. *neuroanatomy*).

- If one part of an examination results in fail (1), the entire examination is terminated with a fail (1).
- Students failing the examination, may repeat the exam once „free”, every further attempt will be charged for (to be paid for in Neptun).

- „*Bonus dissection mark*” – this mark will be added to the 3 marks earned during the oral examination. It is calculated from the midterm results - average of the midterm marks as follows: 4 (3+5, 4+4) or 5 (4+5, 5+5). It will be counted in only if it has a favourable effect on the final mark of the examination.
- Students may request in writing to sit for an **oral theory exam** to replace the written part in case of a **2nd or 3rd retake** examination. A request will have to be sent to the Course Director 48 hours before the examination day.
- **Retake of a successful examination** - students unhappy with the result of the examination may apply in writing with the Course Director, to retry the examination. They will be registered by the Course Director in neptun. ***Please note, that such a retake examination does not necessarily result in a better mark***

CV course in Macroscopic Anatomy II

If neither the first nor the subsequent retake examinations are successful during the present examination period and Students still have „examination chances” left, they may postpone the examination as a CV exam to the next examination period.

We wish you good health and a successful examination period!

A. D. Székely

Dr Andrea D Székely
Associate Professor, Course Director
