

## 2024-25-2 EP Anatomy

week	lect. date	ANATOMY LECTURES	lecturer	practice	PRACTICES
		Monday 12.15-14:00			Friday 15.15-16.45 (Dissecting Room / Histology Lab)
1st	10/02	1.-2. Basic Tissues, Skin	Kocsis K. Kocsis K.	14/02	HistologyLab: basic tissues, skin
2nd	17/02	3.-4. Introduction, Locomotor System, Skull, vertebral column	Kocsis K. Kocsis K.	21/02	DissectingRoom: Introduction, limbs, skull, vertebral column, head, neck muscles,
3rd	24/02	5. The Immune System, the Lymphoid Organs 6. Blood, hematopoiesis	H-Minkó K. H-Minkó K.	02/28	HistologyLab: blood, vessels, lymphoid organs
4th	03/03	7. Heart, the Vascular System 8. The Respiratory System, the Mechanics of Breathing	H-Minkó K. H-Minkó K.	07/03	DissectingRoom: thoracic cavity, respiratory tract, heart, large vessels
5th	10/03	9. The Digestive System I-II, abdominal cavity 10. The Liver, the Pancreas	Halasy V. Kocsis K.	14/03	HistologyLab: respiratory tract and gastrointestinal tract histology
6th	17/03	11-12. The Kidneys and the Urinary Tract	Puskár Z. Puskár Z.	21/03	DissectingRoom: gastrointestinal tract, abdominal cavity, abdominal wall
7th	24/03	13-14. The Male Reproductive Organs, Spermatogenesis	Fejszák N. Kocsis K.	28/03	HistologyLab: kidney histology, genital organs histology, placenta
8th	31/03	15-16. The Female Reproductive Organs, Female Cycle, Oogenesis	Fejszák N. Kocsis K.	04/04	DissectingRoom: kidney, retroperitoneum, genital organs, pelvis
9th	07/04	17-18. Nervous System: Encephalon, Meninges, CSF, Cranial nerves, Spinal cord, Spinal Nerves, Functional systems (Motor, Sensory, Limbic) Autonomic Nervous System	Fejszák N. Kocsis K.	11/04	<b>HistologyLab: midterm (locomotor system, internal organs)</b>
10th	14/04	19. The Eyeball and Visual system 20. The Organ of Hearing and Equilibrium.	Fejszák N. Kocsis K.	18/04	<b>Cancelled (Good Friday)</b>
11th	21/04	21.-22. cancelled (Easter Monday)		25/04	DissectingRoom: nervous system: brain, spinal cord, cranial nerves, sensory organs
12th	28/04	23-24. Hypothalamus, the Endocrine Organs	Tóth Zs. Tóth Zs.	02/05	<b>cancelled (due to 01/05)</b>
13th	05/05	25.-26 Germ cells, Fertilization, Development of the fetus, Placenta, Teratology	H-Minkó K. H-Minkó K.	09/05	HistologyLab: nervous system and sensory organs histology, endocrine organs
14th	12/05	27.-28. Development of the Digestive System and Reproductive organs, Malformations	H-Minkó K. H-Minkó K.	16/05	<b>HistologyLab: midterm (nervous system, sensory organs, endocrine organs, general embryology)</b>
