

ED I. Macroscopic Anatomy and Embryology II.

ANNOUNCEMENTS CONCERNING THE **CV** FINAL EXAMINATIONS (new curriculum)

Final examinations are held on differing days starting at 10.00 - please, see in NEPTUN.

The exams start in the Histology Unit (placed now in the **CITY CORNER OFFICE**, Üllői út 25.) with a written test then continue with the dissection part in the dissection room (ground floor).

REGISTRATION ISSUES

Only students whose semester is accepted may sit for the semifinal examination

The topics of the examination cover the subject matter of the two semesters.

Registration has to be done in NEPTUN according to the Study and Examination Policy. Registration closes 24 hours prior to the beginning of the examination (see in NEPTUN).

- Absences – no-show at the semifinal examination reduces the remaining examination possibilities and Students will have to pay a missed examination fee via Neptun. In case of health problems, Students will have to present a doctor's note within 3 working days to be evaluated by the Head of Department. If accepted, the number of the Student's examination possibilities will not be reduced.
- Technical problems concerning registration or deregistration via the neptun system are beyond the scope of the Department, Students should seek help from the Neptun group of the Secretariat.
- The Registrar of the English Secretariat is not entitled to register or deregister students with the only exception of using the 4th chance provided by the Dean of the Faculty (i.e. Dean's chance, „golden” chance).
- The total number of examination seats is set (200% of the number of students in a given course), therefore the number of examination seats will not be increased.
- **Retake of a successful examination** - Students unhappy with the result of an otherwise successful examination **SHOULD apply in writing with the Course Director, to retry the examination**. They will be registered by the Course Director in neptun. Please note, that such a retake examination does not necessarily result in a better mark.

On the day of the examination

Please gather in front of the Histology unit (City Corner Offices, Üllői út 25.) 10 minutes before starting time (**as seen in Neptun**).

Please make sure you have the following items on you:

- ID card/student card with a photograph (you may not start the examination without it)
- SeKA login details* (memorize or write them down on a small piece of paper)
- *Students who cannot login /forgot their password will be considered as „absent” (see above) and have to sit for the examination on a different day
- In case of a retake exam – proof of payment (except for the 1st retake)
- **DRESS CODE – formal (and according to weather)**
- Phones and smart watches have to be stored elsewhere during examinations
- Neither pens nor papers may be with you during the written part
- You cannot take notes or talk to your peers during the examination
- For safety reasons you may keep your valuables (money, cards, IDs, etc) on you, however „large” items, such as phones (switched off), tablets (switched off) and pencil cases will be collected upon entering the examination room.
- No chewing gum, no food, no drinks are allowed while on the premises

PARTS OF THE FINAL EXAMINATION

WRITTEN PART - Students may not leave the room during the test.

The test is composed of 40 simple/multiple choice questions. For a concise topic list see the Handbook/Requirements

Writing time: 40 minutes

Passing rate: 50% (below 50% =fail, 50% =satisfactory, 65% =average, 75% =good, 85% =excellent)

- Following the completion of the test Students may view their results, however, neither questions may be asked nor notes may be taken during this time.
- Students may not leave the room before the inspection time expires. Everybody should leave at the same time.
- Students not reaching 50% percent in the written part fail the written examination, however, they may continue with an oral examination.
- Students failing the examination in a subsequent practical part may be exempted from the written test during the retake examination ONLY if they gained a good (4), or excellent (5), result from the written test. These students should present themselves at the dissection room on the day of the retake examination.

CHEATING

If students are found to use illegal devices or talk to each other during any part of the examination, the examination will be suspended and a disciplinary procedure will follow. The result of the examination is a fail (1) in such a case.

MACROSCOPY PART (oral examination)

This part is held in the dissection room (ground floor) starting optimally at 11.00. Students need to quickly walk/travel from the site of the written test to the Department and wait in front of the examination site. Rubber gloves and labcoats are provided by the department. Here the Students are examined on prosections covering the topics discussed during the two semesters (For a concise topic list see the Handbook/Requirements)

- Locomotor system
 - Internal organs
 - Neuroanatomy and organs of special senses
 - Maxillofacial anatomy
- Further questions other than the identification of the presented specimens may arise, e.g., discussing the theoretical or embryological relevances of a structure. Students may be asked to produce schematic drawings of certain regions as part of the examination.

MARKING SYSTEM

- The examination finishes in the dissection room, where Students are given a mark calculated from all previously earned marks – each counting for 20% of the result.
- If one practical part of an examination results in fail (1), the entire examination is terminated with a fail (1) and will be recorded in the Neptun system.
- Students failing the examination, may repeat the exam once „free”, every further attempt will be charged for (to be paid for in Neptun).
- ***Retake of a successful examination*** - Students unhappy with the result of an otherwise successful examination ***SHOULD apply in writing with the Course Director, to retry the examination.*** They will be registered by the Course Director in neptun. Please note, that such a retake examination does not necessarily result in a better mark.
