Action plan based on the student feedback received in the 1st semester of the 2021/2022 academic year

Department: Internal Medicine and Haematology
Faculty: General Medicine

Our feedback on general comments by the students:
For a more reliable feedback we will draw students attention for completing the questionnaires underlining its importance.

Our feedback on specific comments on mandatory subjects:
Propedeutics
- Low response ratio
- We will refresh and increase the web contents on the Moodle
- The exam requirements will be clearly communicated through the Moodle and on the Department’s website

Internal Medicine II
- In general, students were satisfied with the block design, timetable and contents
- We plan to install an online system to facilitate the attendance registration system
- We will increase the ratio of the practical lessons and provide more time to practice physical examination skills

Our feedback on specific comments on elective subjects: N/A

Date: Budapest, March 16th, 2022

The action plan was compiled by: Katalin Keltai, MD and Prof. Tamás Masszi, MD, Director of the Department
