III.

2021 September – 2022 February

## About us

The **BIOSAFETY** consortium as a whole is deeply committed to working together and, as the slow lifting of travel restrictions has allowed, several substantive meetings and activities have taken place during this period.

**TECO**medical Group

## Our success

- **Second Annual Project Meeting** was held on 03. November 2021.
- **Inspirational lectures**
  - ✓ 19. November 2021 Dr Federica Zacchini: INTRODUCTION TO HORIZON EUROPE: EU strategic plan & research opportunities
  - ✓ 26. November 2021 Chin Kit Chung: Smart hydrogel delivery systems prevent induction of systemic side effects of cancer immunotherapy
  - ✓ 09 December 2021 Dr. Pablo Lara: How to write a successful grant application
- **Meetings with outer stakeholders**, several discussions with representatives of pharma industry, about safety testing.
