EnterMode - AIMS & OBJECTIVES

EnterMode aims to stimulate entrepreneurial skills of higher education teaching staff and company staff and develop the entrepreneurial mind-set and related skills of higher education students. Its main objectives are:

- Raising awareness on the importance of internships for higher education students in general and for building entrepreneurial skills
- Developing HEIs–companies partnerships for the promotion of entrepreneurial education of higher education students
- Capacity building of higher education teaching staff and companies' trainers, to organise entrepreneurial teaching and learning
- Developing entrepreneurial mind-set, skills and competences of higher education students, during their internships
- Developing an integrated model of entrepreneurship skills acquisition that includes different levels of learning, using online serious game
- Building a community of practice that allows for developing common practice and integrating newcomers into existing business communities
- Developing learning analytics to enable the tracking of learning progress and adapt the EnterMode program to personal and organisational needs.
