

SEMMELWEIS UNIVERSITY

Faculty of Medicine, Department of Internal Medicine and Oncology

Department Head
PROF. DR. ISTVÁN TAKÁCS

Department of Endocrinology
Head of Department
PROF. DR. PETER IGÁZ

Action plan based on the student feedback received in the 2nd semester of the 2022/2023 academic year

Department: Department of Endocrinology

Faculty: Faculty of Medicine

There was no mandatory subject organised by the Department.

Our feedback on specific comments on elective subjects:

Elective subject: Genetics of endocrine diseases - AOSED869_1A

The overall scores were better than the Faculty average for all questions.

The comments asked for a better presentation on Moodle.

We will ask lecturers to send their presentations in advance and will put them on Moodle so that the students can follow the lectures better..

The next elective course will be held in the second semester of the academic year 2023/2024.

Date: 29. August 2023

The action plan was compiled by Prof. Peter Igaz
Head of the Department
