MEMORIAL RUN FOR DECEASED ATHLETES

This competition will commemorate athletes world wide who passed away recently. The idea to remember runners of the recent past was started at our 2006 event in memory of the tragic and premature death of István Gyulai (1943-2006), preeminent athlete and general secretary of IAAF. We remember in this year Róbert Frenkl (1934-2010), president of HUSF.
