### 1. General information

Student mobility for studies enables students at higher education institutions to spend an integrated period of study **from 2 months up to 6 months** at partner institutions.

The application submitted by the University to the TEMPUS Public Foundation (hereinafter: institutional application) is about the **financial support of study mobilities** realized from **1 June 2024 to 31 July 2025**.

Under the Study mobility, outgoing students can spend at least 2 months at a partner European university. A student may participate in mobility programs **more than once**, but the total duration of the mobility may not exceed **12 months** in case of undivided training.

Study mobility may only take place if the studies abroad are accepted by Semmelweis University and included in the student's progress at home.

In case of positive evaluation of the application, the student will be given the opportunity to travel- as specified in this call for applications- with condition of the acceptance of his / her studies with both domestic and foreign universities.

### 2. Student Mobility for Studies opportunities at Semmelweis University for 2024/2025 academic year

## Application Notice and Guide of Student Mobility **for Studies** for 2024/2025 academic year

The University has concluded exchange agreements with a number of higher education institutions throughout Europe. These incentive sites allow participation at specific institutions. The non-finalized list of eligible places is annexed to this call for proposals.

The finalized list of eligible places is expected to be published on the website of the International Mobility Office by Directorate of International Relations (hereinafter: Directorate) up until the distribution meeting.

### **Scholarship may only be awarded for following activities:**

- Full-time undergraduate, vocational training, dissertation writing (but not a research activity unless part of a specific training program) leading to a recognized degree or certificate at Semmelweis University.

By submitting his / her application, the student acknowledges that obtaining the scholarship in itself does not entitle him / her to travel to a specific institution, to a specific scholarship period, or to financial support.

### **3. The scholarship**

The amount of scholarship that can be obtained based on this application depends on the duration of the scholarship period, the host country, and the type of available scholarship. For the Erasmus+ Program, the amount of support is determined by the European Commission,<sup>1</sup> while the support amount for the Pannónia Scholarship Program<sup>2</sup> is determined by the State Secretariat for Innovation and Higher Education of the Ministry of Cultural and Innovation.

**The source of support depends on the available budget. It's important to note that the support may not necessarily cover all actual expenses incurred.**

The **specific amount of support** to be awarded to a student may be determined after the evaluation of student applications and the evaluation of an institutional application as well as the so-called distribution meeting, taking into account the amount of support available.

The disbursement of European Union grants for all mobilities is done through bank transfer in euros after the conclusion of the grant agreement. Meanwhile, for the Pannónia Scholarship Program, the disbursement is done in Hungarian forints after the conclusion of the grant agreement.

Taking into account the ranking of the applications, in absence of resources, the International Mobility Office may also decide that the otherwise successful applicant, although not receiving financial support, may participate in the Program as a self-financier. Following the approval of the competent head of the University, the International Mobility Office shall immediately notify the scholarship nominee in writing (even electronically) of the decision.

## **6. Criteria for evaluation, evaluation of applications, notification of applicants, objection and allocation**

The University's goal is to ensure that its most knowledgeable, talented, and driven students be given the opportunity to participate in this programme. As such, academic, scientific and professional achievements and participation in extracurricular activities are the most important criteria in selection of winners.

The ranking system used is available on the "[Scientific educational activities](#)" form.

Scholarship status will be granted to students according to the following:

**Medicine students'** applications need to reach **minimum of 100 points**

**Dentistry and Pharmacy students'** applications need to reach **minimum of 90 points**

Applications for study mobility will be **assessed** by a committee of Directorate and Faculty delegates by **15 March 2024** at the latest. The decision list drawn up by the selection board ranks the winning applicants on the basis of their score per Faculty and mobility types (hereinafter: the decision list).

The final decisions will be made by an ad hoc committee made up of faculty leaders.

## Application Notice and Guide of Student Mobility **for Studies** for 2024/2025 academic year

A reserve list of eligible candidates who have not won the scholarship shall be established on the basis of the score obtained in the event that a winning applicant does not participate in the program due to resignation or other obstacles, or the application decision is invalid as defined in these regulations.

Applicants will receive written notice of the results by the Directorate. The allocation of placements will be determined at a separate distribution meeting.

The applicant may object the selection board's decision **in writing within three working days of receipt of the notification of the application decision**, alleging a breach of the application rule, which he submits to the Directorate to the address of International Mobility Office.

In case of the **same score on the distribution meeting, the study average decides**. Within **15** working days following the allocation, the Directorate will send the list of outgoing students to the Faculty Coordinators in writing (electronically).

**If the winning applicant does not wish to use the grant awarded to him / her, or does not wish to participate in the program despite the successful application, he / she must notify the Directorate in writing immediately! The application decision shall be invalid for this student.**

### 7. Contracting, reporting and other obligations

#### A/ Study mobility

The University enters into a **Learning Agreement** with the winning student and the host institution regarding the fulfillment of the study requirements, followed by a **Grant Agreement** with the student fixing the total amount of the grant prior to the student's departure. It is possible to amend the contract or extend the period of stay abroad during the mobility **only once**, which must be requested electronically to the International Mobility Office **30 days prior the expiry of the contract**. The students need to accomplish min 15 credits at host institution, and 1 subject should be recognized by Semmelweis University.

#### In the Learning Agreement:

- a) the host institution undertakes to provide the student with the opportunity to complete the study plan contained therein;
- b) the student undertakes to fulfill its contents;
- c) the University undertakes that, if the plan is fulfilled, the studies abroad will be fully recognized in terms of credits in accordance with the relevant regulations of the University. The study agreement can only be amended with the consent of all three parties.

#### B/ Common provisions

## Application Notice and Guide of Student Mobility **for Studies** for 2024/2025 academic year

Upon satisfactory completion of studies abroad, the host institution will provide the student with a Transcript of Records in accordance with the Learning Agreement. In order to acceptance of the study credits and exam results in Hungary, we draw your attention to the specifics listed in Faculty Prospectuses.

Following a successful application, a student who does not receive a scholarship grant may participate in the mobility program, provided that he / she has sufficient financial resources to cover his / her costs in the host country. The student declares in writing that the appropriate cover is available. The agreements detailed above must also be concluded in this case.

### **C/ OLS language proficiency test**

Prior to the start and end of the mobility period, the student must complete an online language competence OLS survey if the main language of study or work abroad is English, French, German, Italian, Spanish, Swedish, Danish, Czech, Polish, Dutch, Greek, Portuguese, Bulgarian, Estonian, Croatian, Latvian, Lithuanian, Romanian, Slovak, Slovenian, Finnish. Native speakers of these languages are exempted from the obligation to complete the online language proficiency survey. The participant shall immediately notify the institution if he / she is unable to complete the online survey.

### **D/ Social basis supplement support**

Students participating in study mobility have the opportunity to apply for an social supplement. The aim of social support is to provide more equal opportunities for travelers in the field of higher education mobility.

### **E/ Scholarship payment**

Under the terms of the Grant Agreement, students with a mobility period of more than **1 semester** will **receive a grant of up to max. 1 semester as pre-financing**. For the remaining mobility days, the scholarship will be paid as post-funding. Students can also request payment for these days prior the end of the mobility. The Grant Agreement have to be signed before the start of the mobility.

### **F/ Insurance**

Prior to the start of the study mobility, the outgoing student must indicate his / her **European Health Insurance Card number** in the Grant Agreement. The existence of this is the minimum condition for travel.

Upon completion of the studies, the student is required to submit a final report in the form and by the deadline specified in the Grant Agreement. The final report submitted by the student is also a request for the settlement of the balance of the grant. If the students' report is not submitted on time, or is not submitted properly; the amount of the grant, or a part of it is not used in accordance with the contract, he / she is **obliged to repay it to the University**.

## Application Notice and Guide of Student Mobility **for Studies** for 2024/2025 academic year

If the student who has won the scholarship is traveling in the first half of the academic year, he / she has the possibility to **extend the scholarship status** within the given academic year, depending on the available resources. The student must inform the Faculty Coordinator and the Directorate in writing of his / her intention to extend it at least **30 working days prior the end of the scholarship period**.

With regards to the assessment of the application for an extension and the conclusion of the contract, the provisions on the examination of the original tender shall apply accordingly. The extension must directly follow the scholarship period originally planned. **The extended mobility period shall end by 31 July 2025.**
