

DECLARATION OF ORIGINALITY

I, undersigned _____,

NEPTUN-code _____,

student of Semmelweis University Faculty of Health Sciences (SE-ETK), am aware of and accept the Faculty's **policy on plagiarism**, and declare *under penalty of perjury* that during my studies at SE-ETK I will prepare all my assignments in their full volume and regarding all their results (essays/papers/thesis) exclusively myself, not using any unauthorised help. I accept that they cannot contain any part from a scientific piece of work without applying the rules of citation and indication of the author – especially as college or university thesis – submitted or published either by myself or others. I certify that I will cite all sources honestly and punctually, I will refer in each case to any used books, periodicals, unpublished manuscripts, materials downloaded from the Internet, and significant oral assistance. I also declare that my course-papers/thesis and the materials used for it are not protected as objects of exclusive author's rights or objects of substantive rights or user's rights of third persons what could limit or impede the use of my course-papers/thesis and the materials used for it. I will give a list of all sources used to prepare in the 'References'.

I am aware that it counts as plagiarism especially if in my course-papers/thesis I

- cite something word by word without citation marks and reference;
- refer to some content without highlighting its source in the 'References';
- highlight others' published thoughts as my own ideas.

I, undersigned, declare that I know what plagiarism means and I accept the fact that my course-papers/thesis will be rejected in case of plagiarism.

Furthermore, I declare that the printed and the electronic copies of my thesis are fully equivalent in their texts and content.*

I am aware that

- a) my thesis will be registered and stored by the SE-ETK Library according to their regulations;*
- b) SE-ETK may check the originality of my course-papers/thesis electronically or in other ways;
- c) in case of plagiarism, i.e. the violation of copy rights I may be exposed to university disciplinary and/or civil proceedings.
