Department of Dietetics and Nutrition

HEAD OF DEPARTMENT, PROFESSOR

2018- Semmelweis University Faculty of Health Sciences Department
of Dietetics and Nutrition

SUBJECTS TAUGHT

2003-2004 (2)

- Practical dietetics
- Dietotherapy
- Non-traditional diets

2004-2005 (1)

- Practical dietetics
- Dietotherapy

2004-2005 (2)

- Practical dietetics
- Dietotherapy
- Sports nutrition
- Protocol and etiquette at the table

2005-2006 (1)

- Practical dietetics
- Dietotherapy

2005-2006 (2)

- Practical dietetics
- Dietetic therapy
- Nutritional science

2006-2007 (1)

- Practical dietetics
- Dietetic therapy
- Non-traditional diets
- Food quality assurance
- Nutrition and health

2006-2007 (2)

- Practical dietetics
- Dietetic therapy
- Nutritional science
- Nutrition and health
- Old-fashioned cuisine

2007-2008 (1)

- Practical dietetics
- Dietotherapy
- Nutritional basics
- Nutrition and health
- Non-traditional diets

2007-2008 (2)

- Practical dietetics
- Dietetic therapy
- Dietetics in dietetic practice

- Nutritional basics
- Nutritional science
- Assessment of nutritional status and nutrient intakes of elderly people, comparative data analysis
- Health nutrition
- Nutrition and health

2008-2009 (1)

- Practical dietetics
- Dietetic therapy
- Nutritional basics
- Nutrition and health
- Assessment of nutritional status and nutrient intakes of elderly people, comparative data analysis
- Dietetics in nephrology

2008-2009 (2)

- Practical dietetics
- Dietetic therapy
- Dietetics in nursing practice
- Food quality assurance

2009-2010 (1)

- Practical dietetics
- Dietotherapy
- Nutritional basics
- Nutrition and health
- Health nutrition
- Nephrological dietetics

2009-2010 (2)

- Practical dietetics
- Dietetics in nursing practice
- Dietotherapy
- Nutrition and health

2010-2011 (1)

- Practical dietetics
- Dietetic therapy
- Dietetics in nephrology
- Nutritional basics
- Nutrition and health
- Health nutrition

2010-2011 (2)

- Practical dietetics
- Dietotherapy
- Nutrition and health
- Basic knowledge in health sciences
- Health nutrition

- Food quality assurance

2011-2012 (1)

- Practical dietetics
- Dietetic therapy
- Basic knowledge in health sciences
- Eating habits in different cultures
- Nutrition and health
- Health food
- Nephrological dietetics

2011-2012 (2)

- Practical dietetics
- Nutrition and health
- Dietotherapy

2012-2013 (1)

- Practical dietetics
- Dietotherapy
- Profession of dietician
- Dietetics in nephrology

2012-2013 (2)

- Practical dietetics
- Dietary habits in different cultures
- Nutritional counselling
- Nutrition and health
- The importance of hydration, how it works, research opportunities
- Profession of dietician

2013-2014 (1)

- Practical dietetics
- Nutrition and health
- Dietetic profession
- Dietetic therapy
- Nephrological dietetics

2013-2014 (2)

- Practical dietetics
- Nutrition and health
- Dietetic profession
- The importance of hydration, how it works, research opportunities
- Dietotherapy
- Nutritional counselling

2014-2015 (1)

- Practical dietetics
- Profession of dietician
- Dietotherapy
- Nephrological dietetics

2014-2015 (2)

- Practical dietetics
- The importance of hydration, how it works, research opportunities
- The dietetic profession

2015-2016 (1)

- Practical dietetics
- Dietetic profession
- Dietetics
- Nephrological dietetics
- Specialist dietetics
- Specialist dietetics (English)

2015-2016 (2)

- Practical dietetics
- Nutrition and Health
- Dietetics
- Nutritional counselling
- Dietetic profession
- The importance of hydration, how it works, research opportunities

2016-2017 (1)

- Practical dietetics
- Profession of dietician
- Dietetics
- Dietetics in nephrology
- Specialist dietetics
- Specialist dietetics (English)
- Nutrition and health

2016-2017 (2)

- Practical dietetics
- Profession of dietician
- Dietetic Therapy

2017-2018 (1)

- Practical dietetics
- Specialist dietetics
- Dietetics (English)

2017-2018 (2)

- Practical dietetics
- Profession of dietician
- Dietetic Therapy
- The importance of hydration, how it works, research opportunities
- Sports nutrition
- The world of food retailing
- Nutritional counselling
- Dietetic basics for midwives (English)
- Nutrition and health

2018-2019 (1)

- Practical dietetics
- Specialist dietetics
- Specialist dietetics (English)
- Dietetic profession

2018-2019 (2)

- Practical dietetics
- Dietetic profession
- Nutritional counselling
- Dietetic therapy
- The importance of hydration, how it works, research possibilities
- The world of food retailing
- Dietetic basics for midwives (English)

2019-2020 (1)

- Practical dietetics
- Dietotherapy
- The importance of hydration, how it works, research opportunities
- Dietetic profession

2019-2020 (2)

- Practical dietetics
- Thesis methodology - Introduction to methods of investigation in nutrition and dietetics
- Nutritional counselling
- Dietetic therapy
- The importance of hydration, how it works, research possibilities
- The world of food retailing
- Dietetic basics for midwives (English)

2020-2021 (1)

- Practical dietetics
- Profession of dietician
- The role of the dietitian in helping consumers make informed food choices
- The importance of hydration, how it works, research opportunities

2020-2021 (2)

- Practical dietetics
- Thesis methodology - Introduction to the methods of investigation in nutrition science and dietetics
- Nutritional counselling
- The world of food retailing
- The dietetic profession
- Monitoring the nutritional status and nutrient intakes of the elderly.
Education of the elderly to influence nutritional attitudes (Ph.D.)
