

## COURSE SYLLABUS

### Semmelweis University Faculty of Dentistry, Dentistry

**Name of the course:** Odontotechnology and Prosthodontics Pre-clinical III.

**Credit value:** 3

**Lessons (in hours in the whole semester):** 3 from this, lectures: 0 practicals: 3 x 45 min seminars: 0

**Type of the course:** compulsory

**Semester in which it is announced according to the curriculum:** autumn

**Frequency of announcement (per semester or year):** year

**The responsible educational and research organizational unit for teaching the subject:** Clinic for Prosthodontics

**Academic year:** 2024/2025 I. Semester

**Subject (Neptun) code:** FOKOFPK365\_3A

**Lecturer of the course:**

Dr. Barbara Kispélyi, Associate Professor

**Contact:**

Semmelweis University Faculty of Dentistry Clinic for Prosthodontics

[kispelyi.barbara@semmelweis.hu](mailto:kispelyi.barbara@semmelweis.hu)

Opening hours of the Secretariat:

Monday: 8:00 – 12:00

Tuesday: 8:00 – 12:00

Wednesday: 8:00 – 12:00

Thursday: 8:00 – 12:00

Friday: Closed

Students are welcomed only in the office hours. Please be aware of it!

**The goals and place of the course in regards to the education of dental students:**

Principal aim of this special education is to provide the students with a professional preclinical theoretical and manual exercise, used in the prosthodontics treatment procedures. It consists of the simulation of the clinical and technological stages on phantom heads.

**Location of the course (address of lecture hall, seminar room etc.):**

Dr. Földvári Imre Laboratory (1088 Budapest, Szentkirályi street 47. 2nd floor)

**Competences acquired by completion of the course:**

Understanding the labside and chairside steps of making partial removable dentures - at the propaedeutic level.

**Pre-study requirements and prerequisites of course registration and completion, in case of a multi-semester subject, the standpoint of the educational-research unit on the concurrent subject registration and on the requirements of permission thereof :**

Odontotechnology and Prosthodontics Pre-clinical II., Restorative Dentistry, Pre-clinical I., Molecular Cell Biology II.

Concurrent subject registration is not possible.

**Number of students required for announcement of course (min., max.), method of selection:**

In accordance with the number of 3<sup>rd</sup> year students.

**Method of course registration:**

Neptun system

**Detailed course/lecture description<sup>1</sup>:** *(to facilitate credit recognition in other institutions)***Topics of the practices:**

1. week: **1<sup>st</sup> week mindterm**, Steps of constructing metal based removable partial dentures, Wax pattern fabrication for a mandibular metal base plate
2. week: Wax pattern fabrication for a maxillary metal base plate
3. week: Temporary situational impression, 13 tooth preparation for 90-degree shoulder
4. week: 13 tooth preparation for 90-degree shoulder, situational impression for gypsum model
5. week: **MIDTERM**, 21 tooth preparation for porcelain veneer
6. week: Direct veneer fabrication on the prepared 21 tooth
7. week: Fabrication and finishing of 13 the temporary crown, grading
8. week: Implant retained dental prosthesis, Impression taking for an implant retained prosthesis (open special tray method)
9. week: 21 tooth preparation for chamfer shoulder
10. week: Revision
11. week: **RETAKE MIDTERM**, Revision
12. week: **RETAKE MIDTERM**, Revision
13. week: **RETAKE MIDTERM**, Revision
14. week: Consultation

**Courses (compulsory and obligatory elective) which in part or entirely overlap the topics of above course:**

General Dental Materials

Odontotechnology and Prosthodontics Preclinical Course I – II.

Prosthodontics I – V.

Clinical Dentistry I – II.

Gnathology

**Special academic work required for completion of the course<sup>2</sup>:**

-

**Attendance on practices and lectures, replacement in case of missed sessions:**

Attendance is **compulsory** at the practical sessions. In relation to the subject, the allowed number of absences is 25%. The amount of absences may not exceed 25%, even with sick notes.

Eventual sick notes are transferred to the issuing medical facilities for verification.

A student is considered **to be late from the practices** if he/she arrives **not more than 15 minutes** later than the time set by the timetable. These late arrivals are marked in the attendance sheet and if someone is late three times within a semester, that is considered to be an absence. However, if someone is **more than 15 minutes late** from the practice that is already registered as an **absence**.

The use of cell phones during the practices is forbidden. If the student uses his / her mobile phone despite the warning of his / her instructor, he / she will be not allowed to continue the practice and will have to leave the room immediately. This is considered as an absence, which is included in the number of absences allowed during the semester (maximum 3). During the practices, students can use tablets, notebooks, and small laptops to take notes.

Practical sessions may not be replaced.

**Method of checking acquired knowledge during the study period<sup>3</sup>:**

Compulsory written tests are carried out at least three-times in the semester, satisfactory grades can be given in case of a result of at least 50% or above.

Midterms will be held in the 5th. Retaking the midterm (or in case of no show, supplementing) is possible twice during the semester. Openings for retaking will be given in the 11th, 12th and 13th weeks.

The notes for the midterms are graded as follows:

- 1: - 49%
- 2: 50% - 63%
- 3: 64% - 76%
- 4: 77% - 89%
- 5: 90% - 100%

In case of an unsatisfactory result there are two possible times for the replacement.

Practical work is also ranked at the end of the given working phase.

During practice sessions, any missed practical section marks can be made up after prior consultation/agreement, but they cannot be improved.

The practice leader prepares digital photodocumentation of the practical works.

The final mark is graded according to the average of the practical work and theoretical skills of the student. The averages of the midterms and of the practical work has to be at least 2,0.

In case of an unsatisfactory end final mark, the signature at the end of the semester will be refused.

Failed demonstration means, that a student receives an unsatisfactory evaluation for a demonstration (midterm exam) written in a particular topic despite the two retakes.

In case one of the practical grades is unsatisfactory after the replacement/correction, the signature at the end of the semester will be refused

The evaluation is graded as "failed" if the student did not participate in even one of the demonstrations and did not make up for it in the substitute opportunities, or if the student's absence from the exercises exceeds the permitted 25%.

**Requirements of an accepted semester (*signature of the lecturer*):**

No more than 25% of the practices are allowed to be missed for any reason otherwise the semester will not be accepted. According to the Study and Exam Regulation the exam may not be taken if the student fails to obtain such a signature.

In case of an unsatisfactory final mark, the signature at the end of the semester will be refused.

In case one of the practical grades is unsatisfactory after the replacement/correction, the signature at the end of the semester will be refused

**Type of the exam:**

Oral final exam, with three topics; and Hungarian Language Exam

**Requirements of the exam<sup>3</sup>:**

Oral final exam, with three topics; and Hungarian Language Exam

In case of unsatisfactory mark of any part of the exam, the student has to take the whole exam again.

**Grading of courses<sup>4</sup>. The possibility and requirements of an offered grade:**

The final mark is graded according to the average of the practical and theoretical skills of the student. The averages of the midterms and of the practical work has to be at least 2,0.

No offered grade.

**Exam registration:**

Neptun system, according to the Semmelweis University Study and Examination Regulations

**Rules of repeating exams:**

Neptun system, according to the Semmelweis University Study and Examination Regulations

**List of textbooks, lecture notes and recommended textbooks, online material:**

**Textbooks:**

- McCracken's Removable Partial Prosthodontics (10/e) Glen P.McGivney-Alan B.Carr. Hardback Mosby, 1999.
- M. Fradeani, G. Barducci: Esthetic Rehabilitation in Fixed Prosthodontics (Prosthetic Treatment. A systemic approach to esthetic, biologic and functional integration) (Quintessence Books 2008.)
- Herbert T. Shillingburg: Fundamentals of Fixed Prosthodontics (Quintessence 4<sup>th</sup> ed. 1997.)
- R. M. Basker, J. C. Davenport, J.: Prosthetic Treatment of the Edentulous Patient 5<sup>th</sup> (MCMillan Press Ltd.)
