provide services to anyone who breaks the rules governing the use of the library. A record of this is drawn up in duplicate, one copy of which is signed by the borrower and accepted by the Library, the other copy is kept by the Library. The record shall be deemed to be recorded even if the obligor refuses to sign it or, in the case of postal delivery, the consignment is returned with a "not sought" or "addressee unknown/moved" notice, taking into account the user's data management obligations as set out in these rules. The fact of exclusion is also recorded in the lending database.

- t) The library and the borrower (user/borrower/student) agree that any legal dispute arising from their legal relationship regarding the use of the library (including its adjudication), including compensation for damages, shall be settled by the competent unit of the University. Registration with the Library constitutes acceptance of this condition.
