Department of Conservative Dentistry

Practice mark, signature

- **Evaluation:** Practice mark at the end of semester:
 - Based on weekly tests of theoretical and practical preparedness (oral and written tests), patient care (level and quality of practical work), assistance, documented own case (in year 4-5th) and practical activity
 - The practical mark is not the subject of debate!
- **Refusal of signature** (= repetition of semester), if:
 - Three failed practice tests
 - Average of above practice test marks does not reach 2.0
 - Absence more than **25%** of practices (more than 3 times!)
 - Lack of one documented **case report** confirmed by the teacher
- If a student's performance in practice is insufficient the teacher can refuse the signature even if the student has met the above mentioned criteria

Department of Conservative Dentistry

Clinical Practice

- The knowledge and compliance of recent (8/30/2019) Study and Examination Rules and Student Policy is obligatory for the teachers and students
- Submission of case report: **13th week** of semester at the latest (except: 5th year 2nd semester: **11th week**) (not in 3rd year)

Student cannot treat patient, if:

- student is not in Neptun system
- student is theoretically not prepared for treating own patient
- patient is not registered at Patient Reception
- patient is subject to payment (eg. foreign, no TAJ)
