

Semmelweis University, Faculty of Dentistry - single, long-cycle medical training - Undivided, one-tier training in dentistry

Name of the host institution (and any contributing institution):

Helyreállító Fogászati és Endodonciai Klinika

Name of subject in Hungarian: Clinical Dentistry I.

Name of subject in English: Clinical Dentistry I.

Name of subject in German: Klinische Zahnheilkunde I.

Credit value of the course: 2

Semester: 9th semester

(in which the subject is taught according to the curriculum)

Weekly hours	Lecture	Practice	Seminar
5.0	0.0	5.0	0.0

Semester hours	Lecture	Practice	Seminar
70.0	0.0	70.0	0.0

Type of course:

obligatory

Academic year:

2026/27

Language of instruction (for optional and elective subjects):

Angol

Course code:

FOKOKFK313_1A

(in the case of a new course, to be completed by the Dean's Office, following approval)

Course coordinator name: Dr. Vág János

Course coordinator location of work, telephone availability: Helyreállító Fogászati és Endodonciai Klinika, 061459-1500/59377

Course coordinator position: klinika igazgató

Course coordinator Date and number of habilitation: 2019.06.06 09/2019

Objectives of the course, and its place in the curriculum of the medical training program:

This course aims to enable the student to use multidisciplinary knowledge, plan and carry out complex treatments according to the patient's diagnosis, with particular regard to the subject of restorative dentistry and endodontics, as well as prosthodontics, under the supervision of the instructors of these two scientific fields.

Format of the course (lectures, group work, practical lessons, etc.):

lecture and group work

Competencies acquired through completion of course:

The provisions of EMMI Regulation 18/2016

Course outcome (names and NEPTUN ID of related subjects):**Prerequisites for course registration and completion: (NEPTUN ID):**

Prosthodontics III., Restorative Dentistry and Endodontics III.

In the case of multi-semester courses, position on the possibility of and conditions for concurrent registration:**The number of students required to start the course (minimum, maximum), method of selecting participants:**

Detailed course syllabus (if the course can be divided into modules, please indicate): (Theoretical and practical instruction must be broken down into hours (weeks), numbered separately; names of instructors and lecturers must be listed, indicating guest lecturers/instructors. It cannot be attached separately! For guest lecturers, attachment of CV is required in all cases!)

There are no lectures held on the subject of clinical dentistry. Practicals begin with a mandatory consultation on a weekly basis in which the previously taught theoretical course material of the subject restorative dentistry, endodontics, and dental prosthodontics is repeated in weekly shifts.

Other courses with overlapping topics (obligatory, optional, or elective courses) in interdisciplinary areas. To minimize overlaps, topics should be coordinated. NEPTUN ID(s) of courses (to be provided):**Requirements for attendance, options for making up missed sessions, and method of absence justification:**

A minimum of 75% attendance at the exercises is required; absences may not exceed 25% of the exercises under any circumstances (see **Requirements for participation in the sessions and the possibility of making up for absences**).

For the signature of the semester, a sufficient level of continuous and consistent theoretical

preparation in practice and a sufficient level of practical performance are required. The average of the theoretical and practical grades must reach 2.0 average.

Assessment methods during semester (number, topics, and dates of midterms and reports, method of inclusion in the course grade, opportunities for make-up and improvement of marks):

(number, topics, and dates of midterms and reports, method of inclusion in the course grade, opportunities for make-up and improvement of marks)

Students must come to the exercises prepared. The students are regularly checked and evaluated verbally and/or in writing by the instructor in the practice at all times. The results of the theoretical and practical assessments are included in the end-of-semester grade.

Number and type of individual assignments to be completed, submission deadlines:

there is none

Requirements for the successful completion of the course:

A minimum of 75% attendance at the exercises is required; absences may not exceed 25% of the exercises under any circumstances (see **Requirements for participation in the sessions and the possibility of making up for absences**).

For the signature of the semester, a sufficient level of continuous and consistent theoretical preparation in practice and a sufficient level of practical performance are required. The average of the theoretical and practical grades must reach 2.0 average.

Type of assessment:

end term examination

Exam requirements (list of topics, topics of the test exam, and the optional project topics accepted as an exam)

there is none

Clear, specific minimum requirements for assessment. (The list of mandatory concepts, parameters, diagrams, calculations, and practical skills required to obtain a passing grade, as well as the criteria for the completion and evaluation of project assignments accepted as an exam.) A link published on the department's website referring to the minimum requirements of the course.

there is none

Method and type of grading (Share of theoretical and practical examinations in the overall evaluation. Inclusion of the results in the end-of-term assessment. Possibilities of and conditions for offered grades.): (Share of theoretical and practical examinations in the overall evaluation, Inclusion of the results in the end-of-term assessment, Possibilities of and conditions for offered grades)

The practical mark has five levels. The grade is determined by the supervisor based on the oral and/or written theoretical performance, the practical performance, the submitted case reports and taking into consideration the student's attitude towards the subject, peers & patients.

The average of the theoretical and practical grades must reach separately a minimum of 2.0.

Practical mark is considered unsatisfactory if the average of the levels of grade are not over a 2.0 average.

In case of an unsatisfactory practical mark, the signature at the end of the semester will be refused.
No offered grade.
