Dear Exchange Program Applicant,

Thank you for your interest in applying to the HMAA Exchange Senior Medical Student Program in the USA. This program is sponsored and managed by the Hungarian Medical Association of America (HMAA). The purpose of the Program is to facilitate the exchange of students as well as experience and knowledge between the involved medical universities. With this program the HMAA contributes and provides broad medical knowledge to young physicians with Hungarian heritage. The goal of the program is to provide promising future leaders of Hungarian society an opportunity to have a meaningful international training experience, thereby enhancing their contribution to their home country and its development upon their return. The **Houston Methodist (Houston, TX, USA)** has entered into an agreement with all hungarian medical schools/universities that teach medicine to provide credit-bearing senior electives to medical students who are in their 6th year of education.

Thank you again for your interest in HMAA Exchange Senior Medical Student Programs.

Sincerely,

Dr. Zsolt Garami

Chair of Houston Exchange Program, HMAA
