

Curriculum Vitae

Personal data

Name: Dániel Remeecz
Place and date of birth: Budapest, 27. 11. 1992.
E-mail: remeecz.daniel@phd.semmelweis.hu
Nationality: Hungarian

Education

2024 - currently **Semmelweis University PhD School – Pharmaceutical Sciences and Health Technologies Division**
Theme: Totalsynthesis of alkaloids

2016 - 2018 **Eötvös Loránd University Faculty of Science**
Master of Science in Chemistry, Synthetic Chemistry specialisation
Degree of education: Chemist

2012 - 2016 **Eötvös Loránd University Faculty of Science**
Bachelor of Science in Chemistry
Degree of education: Chemist

Work experience

2020 - 2023 **Bay Zoltán Nonprofit Ltd. for Applied Research**

- Independent researcher (2022-2023)
- Junior researcher (2021)
- Early career researcher (2020)

2019 **Eszterházy Károly University Institute for Educational Research and Development**

- I have participated in the development of textbooks

2017-2018 **Eötvös Loránd University**

- Preparation of imidazo[1,2-a]-annulated and imidazo[1,2-b]-annulated heterocyclic compounds and their ferrocene fused derivatives

2015-2016 **Eötvös Loránd University**

- Preparation of diazasteroid analogue compounds and their ferrocene-condensed derivatives

2015

Hungarian Academy of Sciences Research Centre for Natural Sciences internship (6 weeks)

- Electron spin resonance spectroscopy
- Single crystal X-ray diffraction
- Single crystal growth

Language skills

English: State accredited intermediate (B2) language examination

Croatian: State accredited intermediate (B2) language examination
