

250 years of EXCELLENCE in
medical education, research &
innovation and healthcare

SEMMELEWEIS UNIVERSITY

FACULTY OF DENTISTRY

Department of General Dental Preclinical Practice

Head: Dr. Krisztina Márton D.M.D, PhD

31214-2/FOPRT/2022

**Action Plan Based on the Student Feedback Received in the 1st Semester of the
2021/2022 Academic Year**

Department: Department of General Dental Preclinical Practice

Faculty: Faculty of Dentistry

Our feedback on general comments by from the students:

Action plans for education:

More focus will be placed on highlighting the most important parts of the lectures including explanations for each picture to enable better understanding.

The department will ensure that the teaching material delivered in both lectures and practical presentations covers all topics of midterms and final examination.

The lecture schedule can be changed through the semester due to unexpected events, but we endeavour to keep students informed about any changes.

The lecture slides will only be available after the presentation. The student is responsible for attending the lectures, practices and taking notes from them.

Action plans on /teaching/educational standards:

We will make every effort to start the lectures on time.

The students will be organised into smaller groups to have more opportunity to obtain personal supervision.

Date: 30th of March 2022

The action plan was compiled by:

Dr. Anna Júlia Dézsi
Assistant Lecturer
