Department of General Dental Preclinical Practice

Head: Dr. Krisztina Márton D.M.D, PhD

Action plan based on the student feedback received in the 1st semester of the 2022/2023 academic year

Department: Department of General Dental Preclinical Practice

Faculty: Faculty of Dentistry

Our feedback on general comments by the students:

Action plans for education

According to the data from the subject surveys, the questionnaire for the lecture was completed by 43 of the 74 students, of which 3 were unfilled. The practical questionnaire received 203, of which 106 were unfilled, resulting in 97 evaluable questionnaires, more than the number of the students. More focus will be placed on highlighting the most important parts of the lectures. The lectures' will be available on the clinic's website and Moodle.

Action plans on educational discipline

The starting and ending time of the course will be more punctual.

Our feedback on specific comments on mandatory subjects:

The lectures will be uploaded in the Moodle system a week before to be able to use it, and students can add extra information to the slides during the lectures.

Our feedback on specific comments on elective subjects:

Date: 17th of March 2023
