

# Introduction to Clinical Medicine

**Credit Points: 2**

**Total number of hours: 30**

lectures: 12 (6\*2) practices: 18 (6\*3) seminars: -

**Type of the course (mandatory/elective): mandatory**

**Academic year: 2022/2023**

**Code of the course: AOKCSA249\_1A**

Name of the Department: **Dr. Péter Torzsa M.D. Ph.D.**

Contact details: H- 1085 Budapest, Stáhly u. 7-9. Phone: +36-1-355-8530

Position: Head of Department

Tutor: **Dr. Adam Becze - [becze.adam@med.semmelweis-univ.hu](mailto:becze.adam@med.semmelweis-univ.hu)**

## **Aim of the subject and its place in the curriculum:**

- Preventive approach, screening procedures. The importance of disease prevention.
- Holistic patient care, managing complex bio-psycho-social-health problems
- Care of frequent chronic illnesses
- Presenting patients, basic differential diagnostics
- Basic diagnostic tools

- Team work in medicine.
- Development of professional consciousness.
- Overview of the research activity at the clinical department. Raising interest in participating.

## **Location of the course (lecture hall, practice room, etc.):**

Family practices, clinics

## **Prerequisite(s) for admission to the subject:**

Only for students in the 2nd year, following completion of the Introduction to Patient Care program

## **Minimum and maximum number of students registering for the course:**

### **Student selection method in case of oversubscription:**

Max. 15 students/group

## **How to register for the course:**

Registration for the course in the 'Neptun' system

## **Detailed thematic of the course:**

---

### **Detailed topic of the subject:**

1st week:	internal medicine, public health, dermatology, urology, pulmonology, neurology lectures
2nd week:	internal medicine, public health, dermatology, urology, pulmonology, neurology lectures
3rd week:	internal medicine, public health, dermatology, urology, pulmonology, neurology lectures
4th week:	internal medicine, public health, dermatology, urology, pulmonology, neurology lectures
5th week:	internal medicine, public health, dermatology, urology, pulmonology, neurology lectures
6th week:	internal medicine, public health, dermatology, urology, pulmonology, neurology lectures
7th week:	internal medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, family medicine, orthopaedics-traumatology, cardiology, dermatology, urology, pulmonology, neurology, public health practicals according to the attendance sheet
8th week:	internal medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, family medicine, orthopaedics-traumatology, cardiology, dermatology, urology, pulmonology, neurology, public health practicals according to the attendance sheet
9th week:	internal medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, family medicine, orthopaedics-traumatology, cardiology, dermatology, urology, pulmonology, neurology, public

	health practicals according to the attendance sheet
10th week:	internal medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, family medicine, orthopaedics-traumatology, cardiology, dermatology, urology, pulmonology, neurology, public health practicals according to the attendance sheet
11th week:	internal medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, family medicine, orthopaedics-traumatology, cardiology, dermatology, urology, pulmonology, neurology, public health practicals according to the attendance sheet
12th week:	internal medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, family medicine, orthopaedics-traumatology, cardiology, dermatology, urology, pulmonology, neurology, public health practicals according to the attendance sheet
13th week:	Homework: Essay
14th: week:	Exam: Essay

**Special training activities required: -**

Completed attendance sheet

**Policy regarding the attendance and making up absences:**

It's compulsory for the student to attend 75 percent of the training sessions. Students can join another training group to meet the requirements if they have missed a training session in the original group

**Requirement for acknowledging the semester (signature):**

It's compulsory for the student to attend at least 75 percent of the training sessions.

**Type of the examination:**

Essay

**Exam requirements:**

Case study (essay, typed, 2000 characters without spaces at minimum length, Times New Roman font, font size 12, single spacing) of a specific patient chosen from the practicals' experiences highlighting one or more topics of the Aim of the subject part above seen.

Deadline for handing in the essay is the 14th week

**Type and method of grading:**

Grading is based on the essay according to the following criteria:

Grade 1: failing to hand in the essay on deadline, the number of characters is under 2000, the case study is not original, but plagiarism

Grade 2: absence of a specific case study of a patient, but the other requirements are met

Grade 3: there is a case study, but too general drafting, without any personal experience

Grade 4: there is a case study with not too significant professional/technical mistake

Grade 5: precise and accurate wording in the medical jargon, personal opinion about the patient's case

**How to register for the exam:**

Registering for the exam in the 'Neptun' system

**Opportunities to retake the exam:**

In accordance with the Studies and Exams Code Rules

**Literature, i.e. printed, electronic and online notes, textbooks, tutorials (URL for online material):**

see on the subject's MOODLE platform
