

## Information on the completion of traineeships abroad

Criteria for the selection and acceptance of traineeship abroad at the Faculty of Medicine:

1. In the countries of the European Higher Education Area (EHEA; <https://ehea.info/page-members>), professional practice completed at state-accredited university clinics or their teaching hospitals may be accepted and recognized. The legal basis for this is the mutual recognition of diplomas from accredited institutions.

2. Places of practice accredited by the MAB (Hungarian Accreditation Committee) as an Accredited Teaching Hospital in Hungarian Medical Education:

- **Tsukuba Memorial Hospital (Tsukuba, Japan)**
  - internal medicine, surgery
- **Hillel-Yaffe Medical Center (Hadera, Israel)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Carmel Medical Center (Haifa, Israel)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Presbyterian Medical Center (Jeonju, Korea)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Sheba Medical Center (Tel HaSomer, Israel)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Shaare Zedek Medical Center (Jerusalem, Israel)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Yonsei University College of Medicine (Seoul, South Korea)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Okayama University Hospital (Okayama, Japan)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Ha Emek Medical Center (Afula, Israel)**
  - internal medicine, surgery, neurology, obstetrics and gynaecology, paediatrics

- **Kaplan Medical Center (Rehovot, Israel)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Meir Medical Center (Kfar Saba, Israel)**
  - internal medicine, surgery, neurology, obstetrics and gynaecology, paediatrics
- **Rabin Medical Center (Petah Tikva, Israel)**
  - internal medicine, surgery, neurology, obstetrics and gynaecology
- **Rambam Medical Center (Haifa, Israel)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Soroka Medical Center (Beer Sheva, Israel)**
  - internal medicine, surgery, neurology, psychiatry, obstetrics and gynaecology, paediatrics
- **Fujimoto General Hospital (Miyakonojo City, Miyazaki Prefecture, Japan)**
  - internal medicine, surgery, neurology, psychiatry
- **Nara Medical University Hospital (Nara, Japan)**
  - internal medicine (cardiology only), surgery, neurology, obstetrics and gynaecology, paediatrics, psychiatry
- **Kumamoto University Hospital (Kumamoto, Japan)**
  - internal medicine, surgery, neurology, obstetrics and gynaecology, paediatrics, psychiatry

3. Professional practice may be permitted at clinics affiliated with universities currently ranked 1-300 in the QS Medicine Ranking. (<https://www.topuniversities.com/university-subject-rankings/medicine>)

#### **Conditions for traineeships:**

- Education provided at the training institution referred to above must be in line with the list of competencies approved by the MAB for the clinical practice year of medical students.
- The foreign training institution must evaluate the student's performance and certify the completion of the tasks detailed in the list of competencies with the signature of the head of the department concerned.

Budapest, 25 September 2025

Prof. Dr. Péter Nyirády

Dean
