Tender for teacher assistant

Department: Department of Pathology, Forensic and Insurance Medicine

Subject: Pathology

Task: Under the supervision of teacher/topic leader participation in the educational activity and scientific research of the department. Attendance in the autopsy practice of 3rd year medical students for minimum 2, maximum 4 hours a week, confirmed by attendance list. Attendance is mandatory for minimum 10 weeks from the 14 weeks of the semester.

Prerequisite: minimum good (4) at final exam of pathology.

Deadline of the tender for prized TA: last day of the spring exam period.

Mandate is valid for 2 semesters, under contract between the dean and the successful candidate.

At the end of the second semester TA should prepare a detailed report about his/her activity to the director of the department. Director of the department should send accepted report to the Office of Faculty Dean/Registrars Department. Based on this report Office of Faculty Dean/Registrars Department will accept the activity of the student as optional subject in the electronic index.

Based on Regulation of Education and Examination prized TAs receive allowance, and 1 credit if TA activity reach continuous 5 months.

Demonstrators - as an optional course - count as part of their training:

- 2 credits, provided they carry out a continuous teacher assistant activity for 2 semesters,
- 1 credit point if they carry out a continuous teacher assistant activity for at least 1 semester.

Budapest, 25. 05. 2023.
