Dean
Prof. Dr. GERBER GÁBOR D.M.D., Ph.D.

Annex no. 3

Thesis Evaluation Sheet

Annex no. 2 of the Faculty Regulations (Thesis Evaluation Criteria) shall be taken into consideration at the evaluation of the thesis. The student must receive the completed form no later than 5 days before the defense.

Thesis Evaluation Criteria

SEMMELWEIS UNIVERSITY	
<i>Faculty of Dentistry</i>	
Organizational unit:	
Student's name:	Thesis title:
Student's Neptun code:	
Thesis consultant/supervisor (name and position):	Reviewer (name and position):

SEMMELWEIS UNIVERSITY
FACULTY OF DENTISTRY

Dean
Prof. Dr. GERBER GÁBOR D.M.D., Ph.D.

Thesis Evaluation Criteria

1 Structure of the thesis	score (0-7)
<i>Evaluation criteria:</i>	
<p>Is the thesis easy to navigate and understand?</p> <p>Does its content correspond to the title?</p> <p>Does its articulation help to clearly identify its structure?</p> <p>Is its structure professionally correct and logical?</p> <p>Is the length of the chapters (the descriptive sections, the analysis, the conclusions) proportionate?</p> <p>Are the individual chapters and their sections appropriately distinguished from each other?</p>	
<hr/>	
<u>2</u> Professional relevance of the thesis	score (0-40)
<i>Evaluation criteria:</i>	
<p>Are the objectives clearly and well defined?</p> <p>Does the paper achieve these objectives, are the conclusions supported?</p> <p>Does the thesis include the relevant topics prescribed in the educational content?</p> <p>Does the literature review present relevant sources? Is there a comparison of the literature findings with the student's own results?</p> <p>Are the cited sources summarized appropriately and with a critical perspective during the presentation and analysis of the problem, and when interpreting the results?</p> <p>Are the tools and methods applied for the investigation and analysis of the central topic of the thesis properly used?</p> <p>Does the thesis display all the necessary analytical methods?</p>	

SEMMELWEIS UNIVERSITY

FACULTY OF DENTISTRY

Dean

Prof. Dr. GERBER GÁBOR D.M.D., Ph.D.

<p>Apart from presenting the results, are the results properly analyzed and discussed?</p> <p>Are the results and conclusions logical and valid, are they assessed in consideration of the findings of the relevant literature?</p> <p>Does the thesis contain forward-looking recommendations or conclusions?</p>	
<p><u>3. Using references</u></p> <p><i>Evaluation criteria :</i></p> <p>Does the student use references in the correct way? Are they formatted appropriately?</p> <p>Does the way quotations are used comply with the requirements?</p> <p>Do the citations included in the text appear in the list of references (and vice versa)?</p> <p>Is the list of references relevant (does the relevant literature appear in it, is it up to date, is it relevant to the topic)?</p> <p>Does it include at least five references to international literature?</p> <p>·If AI tools were used, does citation comply with the requirements of Annex 1 of thesis Rules of Procedure?</p>	<p>score (0-4)</p>
<p><u>4. Using figures and tables, other formal requirements</u></p> <p><i>Evaluation criteria :</i></p> <p>Are all figures and tables referred to in the text?</p> <p>Is it easy to find these in consideration of the references?</p> <p>Are the figures and tables numbered, do they have titles and references to the source?</p> <p>Is there a transparent table of contents?</p>	<p>score (0-3)</p>
