Neptun-Code: GYKNYE306G1A							
Institute: Department of Languages for Specific Purposes							
Name of the tutor/lecturer: Katalin Fogarasi PhD, habil.				Academic degree: PhD, habil.			
Further tutors: Szandra Borda Zsófia Egedi Judit Nagyné Górász Lili Szöllősi				Academic degree: language teacher language teacher language teacher language teacher			
Number of lectures /week: 2				Credit points: 0			
Course principles: The role of this subject is to help students acquire the basic vocabulary, grammar and language skills they need for the effective communication in the language they use during their field practice both in their everyday life /'survival language'/ and in their academic studies.							
Brief course summary: The first semester is dedicated to learning basic general vocabulary and grammar. Students acquire basic structures and the vocabulary for everyday topics / e.g. shopping, food, housing etc./. The course places special emphasis on phrases essential for everyday communication, e.g. introductions, greetings, getting/giving information etc. and on phrases needed in basic communication at a pharmacy.
