## Our feedback on general comments by the students

*Students said:* "the practices were very well organized and the teacher was very engaging. Harder topics were broken down and made easy to learn"

"i hope the department can add more practices and give more lecture content and good in order"

"Dr. Koppány has been a very effective and helpful teacher throughout this course. I highly appreciate his help and guidance and willingness to share his learnings at any chance he finds."

*Our response:* Thank you very much for your feedback.

**Students said:** "About the basics of implants, in my opinion there must be a PDF just as an introduction to implant, then in the lectures we need to start from biomechanics and such aspects of implants, then learning about indications, contraindications, bone augmentation and etc"

**Our response:** Thank you very much for your feedback. We will add information prior to semester.

### Our feedback on specific comments on mandatory subjects

**Students said:** "(Oktató: Dr. Iványi Attila): Teaches the material very well and takes time to explain in details"

"(Teacher: Dr. Iványi Attila): if we know more about the basics of implants and then starting with indications and contraindications, that would be so effective"

"(Teacher: Dr. Koppány Ferenc): nice to students"

"(Teacher: Dr. Koppány Ferenc): Thank you!"

"(Teacher: Dr. Nguyen Viet Huy): thank you"

"(Teacher: Dr. Koppány Ferenc): We couldn't get enough opportunities for practicing implant techniques."

**Our response:** Thank you very much for your feedback. We will add information prior to semester and try to ensure enough practicing opportunities.

***Students said:*** "(Teacher: Dr. Nguyen Viet Huy): Only care about unnecessary things, for example whether the student was a little bit late. Teaching ability was poor without helping students. He always had bad attitudes towards students like he was superior to others."

***Our response:*** We notified the relevant person in order to improve focus and communication with students.
