

REQUIREMENTS

| |
|--|
| Semmelweis University, Faculty of Medicine Name of the managing institute (and any contributing institutes): Department of Languages for Specific Purposes |
| Name of the subject: Szakorvosi terminológia in English: Terminology of Clinical Specialties in German: Terminologie der klinischen Fachgebiete Credit value: 2 Number of lessons per week: lecture: practical course: <u>seminar:</u> 2 Subject type: <u>compulsory course</u> elective course optional course |
| Academic year: 2022/23 |
| Subject code: AOVNYE915_1A <i>(In case of a new subject, it is filled by the Dean's Office, after approval)</i> |
| Name of the course leader: Dr. Katalin Fogarasi His/her workplace, phone number: Department of Languages for Specific Purposes (1094 Bp., Ferenc tér 15.), + 36-20-670-1330 Position: director Date and registration number of their habilitation: |
| Objectives of the subject, its place in the medical curriculum: The aim of the course is to extend students' medical terminology by going through the main fields of medicine and by getting acquainted with the names of conditions, symptoms, and anatomical structures. Students develop a more advanced terminological knowledge not only by learning new Latin phrases or Greek combining forms, but also by improving their skills in interpreting medical terms with the help of etymological notes and word formation rules and conventions. The lessons provide students with opportunities to develop a more conscious use of the anatomical nomenclature and diagnostic language as well as to better understand clinical documents. |
| Place where the subject is taught (address of the auditorium, seminar room, etc.): Department of Languages for Specific Purposes: 1094 Budapest, Ferenc tér 15. |
| Successful completion of the subject results in the acquisition of the following competencies: - interpreting clinical documents - understanding term formation in both anatomical and clinical fields - using an advanced level of Greek-Latin medical terminology with register awareness i.e. with the capability of adapting terminological knowledge to the interlocutor, be it colleagues or patients |
| Course prerequisites: Medical Terminology (AOKNYE900_1A / AOKLEK716_1A) |
| Number of students required for the course (minimum, maximum) and method of selecting students: min. 5 students max. 20 students |
| How to apply for the course: via the Neptun system |

| |
|--|
| <p>Detailed curriculum:</p> <p>week 1 Musculoskeletal disorders and the Locomotor system</p> <p>week 2 Cardiological diagnoses and the Cardiovascular system</p> <p>week 3 Pulmonology and the Respiratory system</p> <p>week 4 Gastroenterology and the Gastrointestinal system</p> <p>week 5 Nephrology and the Urinary system</p> <p>week 6 Revision with the help of case studies</p> <p>week 7 Stomatology and the Oral cavity</p> <p>week 8 Neurology and the Nervous system</p> <p>week 9 The sensory organs</p> <p>week 10 Dermatology and the Integumentary system</p> <p>week 11 Men's and Women's Health and the Reproductive system</p> <p>week 12 Revision with the help of case studies</p> <p>week 13 final test</p> <p>week 14 assessment, retake</p> |
| <p>Other subjects concerning the border issues of the given subject (both compulsory and optional courses!). Possible overlaps of themes: -</p> |
| <p>Special study work required to successfully complete the course: -</p> |
| <p>Requirements for participation in classes and the possibility to make up for absences: Attendance at the classes (75% minimum) and taking the final test are compulsory to obtain the signature. Making up the material of the missed classes is possible via assignments or taking the class of a parallel group covering the missed material.</p> |
| <p>Methods to assess knowledge acquisition during term time: final test on week 13 Moodle tests on a weekly basis making up for missed tests and materials must be scheduled with the course instructor</p> |
| <p>Requirements for signature: attendance at the classes (75% minimum)</p> |
| <p>Type of examination: practical mark</p> |
| <p>Requirements of the examination: -</p> |
| <p>Method and type of evaluation: The final mark is calculated based on the final written test and the weekly moodle tests. Evaluation is based on the following scoring system: 91–100% = very good (5) 76–90% = good (4)</p> |

| |
|--|
| 61–75% = fair (3) 51–60% = pass (2) 0–50% = fail (1) |
| How to register for the examination?: - |
| Possibilities for exam retake: - |
| Printed, electronic and online notes, textbooks, guides and literature (URL address for online material) to aid the acquisition of the material: Terminology of Clinical Specialties. Manuscript. Edited by Alexandra Bakó. The moodle course of the subject: https://itc.semmelweis.hu/moodle/ |
