Vocabulary: anatomical terms of the digestive organs; basic symptoms and diseases in gastroenterology

Week 6: Skills: terminology of inflammations of the oral cavity, fungus and ulceration; anatomical and clinical terms of the digestive apparatus 2.

Vocabulary: basic symptoms and illnesses in the gastroenterology.

Week 7: 1st midterm

Skills: anatomical and clinical terms regarding the urinary system

Vocabulary: anatomical terms of the urinary system, basic symptoms and diseases from nephrology

Week 8: Skills: terminology of lesions and diseases of the gums and the parodontium; anatomical and clinical terms regarding the sex organs.

Vocabulary: terminology of parodontology; terms of sex organs; clinical terms of gynaecology, obstetrics and andrology

Week 9: Skills: terminology of vesiculobullous diseases; anatomical and clinical terms regarding the sensory organs and the nervous system

Vocabulary: introduction into the terminology of neuroanatomy; clinical terms of otorhinolaryngology, ophthalmology and dermatology

Week 10: Skills: important terms regarding the tumours and precancerous conditions of the oral cavity and the entire human organism; complex post-mortem diagnoses

Vocabulary: anatomical and clinical parallel names of various tissues; complex clinical terms

Week 11: Skills: terminology of the lip and tongue diseases and salivary glands; names of the endocrine and exocrine glands; basic terms of the infectious diseases

Vocabulary: terminology for different forms of cheilitis and glossitis; terms of endocrinology and infectology

Week 12: Skills: terms of pharmacology; basics of medical prescriptions

Vocabulary: types and dosage forms of medications; magistral formulae and prescriptions of factory products

Week 13: 2nd midterm

Week 14: Evaluation

According to the demand of each group and the updates in the university curriculum, minor changes can be made in the schedule which do not affect the definite topics of the course.

**Potential overlap(s) with other subjects: -**

**Special training activities required: -**

**Policy regarding the attendance and making up absences:**

Attendance of lessons is obligatory. Students are allowed to have maximum 3 absences a semester. A medical certificate is required if the student has been absent more than 3 times. In case of more absences, the teacher may deny giving the signature. There is a possibility to make up for absences during the current school week after prior consultation with the instructor.

**Means of assessing the students' progress during the semester:**

Midterms 1 and 2 (week 6 and 13 resp.)

After prior consultation with the teacher, students can retake a midterm, out of the hours of the lesson.

**Requirement for acknowledging the semester (signature)::**

According to the Study and Examination Policy: 75% practice class attendance, and attendance on midterm is required for signature.

**Type of the examination:** practice mark

**Exam requirements:** -

**Type and method of grading:**

The evaluation of student performance is based on the points for the 2 written papers.

90 – 100% = excellent (5)

75 – 89% = good (4)

60 – 74% = average (3)

50 – 59% = satisfactory (2)

0 – 49% = unsatisfactory (1), signature denied

**How to register for the exam:** -

**Opportunities to retake the exam:** -
