Katalin Boreczky

Tamara Schüzler

Related subjects due to interdisciplinary fields (both compulsory and elective) and potential overlaps between subjects: -**Attendance requirements; conditions under which students can make up for absences and the method of absence justification:**

A maximum of 3 absences is allowed (3x90 minutes); making up the material of the missed classes is possible via assignments or taking the class of a parallel group covering the missed material (maximum two times).

According to the Study and Examination Regulations (Article 29), the instructor may refuse to sign or provide a term grade, if the student exceeds their absence over 25% of all of the practical sessions. For more than the allowed number of absences, a medical certificate of long-term illness or hospitalization is required.

According to the Study and Examination Regulations (Article 28), three late arrivals count as one absence. Arriving 15 minutes later than the start of the lesson is considered late arrival.

Form of assessment in the study period:

(including the number, topics and scheduling of oral and written tests, their share in the overall evaluation, make-up tests and improvement tests)

Two tests (7th week/14th week)

Topic: Based on the curriculum

Making up for missed tests and retake (max. 2 times) must be scheduled with the course instructor.

Number and type of assignments for individual work and the deadline for submission:

-

Requirements to obtain the teacher's signature:

Attendance of lessons and written tests is obligatory. Students are allowed to have three absences per

semester. Student who miss more than 25% of the practical classes cannot receive a signature (Study and Examination Regulations Article 29.2a).

Type of assessment (*comprehensive examination, end-term examination, term-grade, term-grade on a three-grade rating scale, no examination*):
term-grade

Examination requirements:

(*list of examination topics, subject areas of tests / examinations, lists of mandatory parameters, figures, concepts and calculations, practical skills*) -

Method and type of grading:

(*Share of theoretical and practical examinations in the overall evaluation. Inclusion of the results of the end-of-term assessment. Possibilities of and conditions for offered grades.*)

Student performance is assessed as follows:

0–49% = 1 (fail)

50–60% = 2 (pass)

61–75% = 3 (fair)

76–89% = 4 (good)

90–100% = 5 (excellent)

List of course books, textbooks, study aids and literature facilitating the acquisition of knowledge to complete the course and included in the assessment, precisely indicating which requirement each item is related to (e.g., topic by topic) as well as a list of important technical and other applicable study aids:

Bakó, Alexandra. Medical Terminology, manuscript. 2022 (available on the moodle course of the subject in pdf)

Signature of habilitated instructor (course coordinator) announcing the course:

Signature of the director of the host institution:

Date of submission:
