- will communicate with patients in a way that they can understand, explaining technical terms
- contributes effectively to professional communication

Prerequisites for course registration and completion:

Conditions for concurrent course registration and permission thereof in the case of a multi-semester subject:

Student headcount conditions for starting the course (minimum, maximum) and method of student selection:

Minimum number of students: 7
 Maximum number of students: 20
 Anyone can take the course.

Detailed course description:

(Theoretical and practical instruction must be broken down into lessons (weeks), numbered separately. Please provide the names of lecturers separately. CVs of guest lecturers, however, must be attached.)

The course provides introduction to the terminology within special situations such as requesting information on patients' complaints through communication situations. The course is built upon authentic conversation using specific terminology, on written / spoken terms.

Teachers:

Edit Zsinka
 Beáta Hampuk

Week: Topic:

1. Introduction, university studies, subjects, specialities
 Skills: asking for basic information, orientation in medical fields
2. Parts of the eye, the most common illnesses (short-sightedness, far-sightedness, cataract, glaucoma, etc.), symptoms and treatment.
 Skills: history taking, patient interview, giving advice
3. Ear-nose-throat diseases, symptoms and treatment.
 Skills: ENT history taking, informing the patient
4. Dermatological diseases, symptoms and treatment. Allergy test
 Skills: dermatological history taking, informing the patient
5. Infectious diseases. Sexually transmitted and blood-borne diseases
 Skills: infectological history taking, informing the patient
6. Endocrine diseases
 Skills: endocrinological history taking, informing the patient
7. Midterm test. Presentations
8. Psychiatric disorders, symptoms and treatment
 Skills: psychiatric history taking, informing the patient
9. Oncological diseases, symptoms and treatment
 Skills: oncological history taking, informing the patient
10. Surgical treatment of oncological diseases. Histological examination
 Skills: preparing the patient for surgery, aftercare, reporting on findings
11. Abdominal surgery, surgical interventions, devices
 Skills: preparing the patient for surgery, giving advice
12. Orthopedic diseases, treatment and orthopaedic surgery

Skills: history taking, preparing the patient for surgery, informing the patient, giving advice
13. Endterm test. Presentations
14. Closing the term. Evaluating the term

Related subjects due to interdisciplinary fields (both compulsory and elective) and potential overlaps between subjects:

Attendance requirements; conditions under which students can make up for absences and the method of absence justification:

A maximum 3,5 absences are allowed i.e. 7x45 minutes of absence are allowed ; if the number of absences exceeds this, the student must
A student who misses more than 25% of the seminars will not be allowed to get a signature (Study and Examination Regulations §29)
According to the Study and Examination Regulations (§ 28), three tardies count as one absence. Arriving 15 minutes later than the start

Form of assessment in the study period:

(including the number, topics and scheduling of oral and written tests, their share in the overall evaluation, make-up tests and improvement tests)
Written mid-term (week 7, Topics: week 1-6); end-of-term oral test (week 13 and 14 , Topics: week: 1-13)

The evaluation of student performance is based on the marks received for the 2 tests.

Tests under 50% must be retaken.

1-49%= 1 (fail)

50–60% = 2 (pass)

61–75% = 3 (satisfactory)

76–89% = 4 (good)

90–100% = 5 (excellent)

Number and type of assignments for individual work and the deadline for submission:

Requirements to obtain the teacher's signature:

Taking the written and oral tests, and class attendance.

A maximum 3,5 absences are allowed i.e. 7x45 minutes of absence are allowed ; if the number of absences exceeds this, the student must

A student who misses more than 25% of the seminars will not be allowed to get a signature (Study and Examination Regulations §29)

According to the Study and Examination Regulations (§ 28), three tardies count as one absence. Arriving 15 minutes later than the start

Type of assessment (*comprehensive examination, end-term examination, term-grade, term-grade on a three-grade rating scale, no exam*)

Examination requirements:

(*list of examination topics, subject areas of tests / examinations, lists of mandatory parameters, figures, concepts and calculations, practical*)

Method and type of grading:

(*Share of theoretical and practical examinations in the overall evaluation. Inclusion of the results of the end-of-term assessment. Possibility*)

The evaluation of student performance is based on the marks received for the 2 tests. The result of the written test makes up the 40% of the term grade and the result of the oral test makes up 60% of the term grade.

Student performance is assessed as follows:

0–49% = 1 (fail)

50–60% = 2 (pass)

61–75% = 3 (satisfactory)

76–89% = 4 (good)

90–100% = 5 (excellent)

List of course books, textbooks, study aids and literature facilitating the acquisition of knowledge to complete the course and in the topic) as well as a list of important technical and other applicable study aids:

Authentic material compiled by the Department of Languages for Specific Purposes.

E-learning materials on moodle.

Signature of habilitated instructor (course coordinator) announcing the course:

Signature of the director of the host institution:

Date of submission: April 30,2023
