<b>Place in the timetable:</b>	In accordance with the data of the Neptun Education System		
<b>Requirement(s) of preliminary studies:</b>			
<b>Aim of acquiring the professional content of the subject:</b>			
The aim of the subject is to help students acquire the basics of Medical Latin necessary for their healthcare practice. Medical Latin provides a solid foundation to understanding the vocabulary of their professional subjects by students' gaining practice in the etymological analysis of terms. A further aim of the subject is to familiarise students with the nomenclature of Anatomy and Physiology, as well as the terms and basic grammar needed for every healthcare practice.			
<b>Subject description: textual list of topics of the theoretical and practical classes</b>			
week 1 - Latin pronunciation, nouns, possessive phrases			
week 2 - nouns in Latin anatomical and diagnostic phrases, prepositions			
week 3 - adjectives and their agreement, adjectival phrases in Anatomy			
<b>2-5 most important compulsory and recommended readings with bibliographical data:</b>
