Title of the subject in English: Title of the subject in Hungarian:		Medical Latin Credit number: 2				
v	ian:	Orvosi Latin ERTA ADGVNV16A				
Neptun code: Category:		EBTAADGYNY16A compulsory				
Distribution of theory and pra	actice, 'educational cl	· · · · · · · · · · · · · · · · · · ·		practice oriented (60-		
Type of class: Number of classes:		lecture	seminar 24	practice in lab.	clinical practice	tutorial
Language(s) of instruction oth	ner than Hungarian	English				
Further applicable methods to transfer the given						
knowledge to students:		language learning tasks, linguistic analysis, vocabulary acquisition practice, word formation				
Accepted absences:		6x45 minutes				
•		Attendance at the classes (/5% minimum), taking the 2 written tests, making up				
Requirements of end-term signature:		the material of the missed classes.				
Form of end-term assessment:		The term grade is calculated based on the two term tests, where the first test counts for 30%, the final (second) test for 70% of the final term grade.				
rorm of end-term assessment:		The tests ask the material covered in classes - the 1st test units 1-5, the 2nd test units 1-9				
		The tests ask the material covered in classes - the 1st test units 1-3, the 2nd test units 1-9				
Schedule of assessment:		lessons 11-12 (test 1) and 23-24 (test 2)				
Further annlicable methods of knowledge						
Further applicable methods of knowledge assessment:		Vocabulary tests (vocabulary test	ts for providing feedba	ack on students' perform	mance and knowledge)
Possibility and requirement(s)) of an offered grade.					
Possibility and requirement(s) of an offered grade: How many semesters long is the subject?		- -				
How many semesters long is the subject? Subject's place in the curriculum:		1 1				
Frequency of announcement:		In accordance of Section 21 of the SER				
Place in the timetable:		In accordance with the data of the Neptun Education				
r face in the timetable:		System			1	
Requirement(s) of preliminary studies:						
The standpoint of the respons whether a multi-semester sub						
without having completed the	prerequisite of the					
same subject in the previous s						
Aim of acquiring the profession By developing an awareness in inte			become more confide	nt users of the anatomic	cal nomenclature which	ch greatly supports their studies
They acquire the meaning and struc						6 J
Subject description: textual list. The material primarily implies anatomic material primarily implies and the subject description.			n and orthography of t	medical terms, and the	y get acquainted with t	he elemental phenomena of Latin
grammar which occur in the medical	al language (with special	emphasis on singular genitive and	l plural nominative for	rms). The material follo	ows the topics of Anato	omy classes. After an intorduction to
terminological word formation they anatomical descriptions (vertebral of
