<p>Number of students required for announcement of course (min., max.), method of selection: Minimum number of students: 5. Maximum number of students: 20</p>
<p>Method of course registration: via the Neptun system</p>
<p>Detailed course/lecture description: Week 1. Revision: Topics of the previous semesters for the comprehensive exam, Gera sentences Week 2. Dental prostheses, impression taking</p>

Week 3. Gingivitis
Week 4. Calculus; removing calculus
Week 5. Oral hygiene, dental care
Week 6. Tooth decay
Week 7. Filling; replacing a filling
Week 8. Oral test, e.g., case presentation based on clinical work
Week 9. Root canal treatment
Week 10. Tooth extraction
Week 11. Orthodontics
Week 12. Implant restorations
Week 13. X-ray
Week 14. Mock comprehensive examination (Oral test)

Courses (compulsory and obligatory elective) which in part or entirely overlap the topics of above course: ---

Special academic work required for completion of the course: ---

Attendance on practices and lectures, replacement in case of missed sessions:
A maximum of 7 absences is allowed; if the number of absences exceeds this, students may make up missed classes in another group (maximum two times) in agreement with the instructor. Students who miss more than 25% of the classes will not be allowed to get a signature. For more than the allowed number of absences, a medical certificate of long-term illness or hospitalization is required.

Method of checking acquired knowledge during the study period:
One oral test and one mock comprehensive examination
Topic: the material covered
Make-up and upgrade opportunities: to be arranged outside of class

Requirements of an accepted semester (*signature of the lecturer*):
A maximum of 7 absences is allowed; if the number of absences exceeds this, students may make up missed classes in another class (maximum two times) in agreement with the instructor. Students who miss more than 25% of the practical classes will not be allowed to get a signature; attendance in classes; attendance in the oral test and completing the mock comprehensive examination. Performance in the mock examination does not count towards the mark for the comprehensive examination.

Type of the exam:
oral comprehensive examination

Requirements of the exam: oral comprehensive examination
Topics:

1. Teeth, tooth care
2. Tooth decay, fillings, replacing fillings, X-ray
3. Root canal treatment
4. Gingivitis
5. Calculus
6. Tooth extraction
7. Orthodontics
8. Fixed dentures, impression taking
9. Removable dentures, impression taking
10. Implant restorations

Grading of courses:
The comprehensive exam takes place during the exam period and is comprised of a listening comprehension test and an oral test; min. 50% must be achieved in both parts. Neither part can be failed. For the oral part, two teachers will assess the student's performance on separate marking sheets and an average will be calculated.

Assessment of oral tests: 0-49% = fail (1) 50-59% = pass (2) 60-74% = fair (3) 75-89% = good (4) 90-100% = excellent (5)
The possibility and requirements of an offered grade: ---
Exam registration: via the Neptun system
Rules of repeating exams: see “Study and Examination Regulations”
List of textbooks, lecture notes and recommended textbooks, online material: Teaching materials and audio recordings of authentic medical documentation, edited by the instructors of the Department of Languages for Specific Purposes I. Gera: English-Hungarian dental dictionary P. Zimmermann: Hungarian-German, German-Hungarian dental dictionary A. Weidinger: Magyar fogorvosi szaknyelv ED III. (university coursebook) A. Weidinger: Nyelvtan (Grammar)
