

**2023/2024
CURRICULUM**

Name of the course: Olasz Szaknyelv I.							
Course: unified undivided training							
Work schedules: full time training							
Short name of the course: Ol. Szaknyelv I.							
English name of the course: Italian for Pharmacy I.							
Neptun code: GYSNYE219G1M							
Course type: compulsory / obligatory elective / <u>elective</u>							
Department responsible for the teaching of the course: Department of Languages for Specific Purposes							
Name of the course leader: Katalin Fogarasi Ph.D.,habil. Availability: - phone number:+36-20-670-1330 - e-mail:fogarasi.katalin@semmelweis-univ.hu				Position, degree: Director, PhD			
The names of those involved in teaching the subject: (theory/practise) Adél Pujcsek Dr.Judit Ligeti Anna Éry				Position, degree: MA PhD MA			
Number of lessons per week:0.... lessons of theory2.... lessons of practice				Credit points: ...2..... credits			
The objective of the course in realizing the aim of training: The aim of the course is to get students from level B1 to level B2 communication using terminology; to deepen students' special knowledge.							
Short description of the course: The course provides introduction to the pharmaceutical terminology within special situations such as requesting information on patients' complaints during drug dispensing, forming instructions, informing patients and about basic documentation. Students acquire language skills through communication situations. The course is built upon authentic conversation using specific terminology, on written / spoken terminology panels and special documentation using terminology.							
<i>Course data for the given semester</i>							
Recommended admission of the course	Theoretical contact lesson	Practical contact lesson	Contact demonstration practical lesson	Individual lesson	All lessons	Frequency of the announcement of the lesson	Number of consultations
from semester	28..	28..	In the Fall semester* In the Spring semester* <u>In both semesters*</u> (* Please underline)	-

<i>Schedule for teaching the course</i>
Topics of theoretical lessons (broken down by weeks): -
Topics of practical lessons (broken down by weeks): Week 1: Introduction, university studies, subjects and specialities Skills: asking for basic information, orientation in medical fields Week 2: Body regions, body parts and related symptoms. Types of medication according to their application Skills: asking the patient about their complaints during drug handover Week 3: Diseases and surgical interventions. Medication dosage, indications and contraindications Skills: understanding patient information leaflets Week 8: Emergency care Skills: OTC medication handover Week 9: Laboratory tests. Blood glucose measurement at the pharmacy Skills: interpreting laboratory findings; preparing the patient for examination, informing the patient Week 10: Examining the patient with diagnostic devices. Measuring blood pressure at the pharmacy Skills: interpreting laboratory findings; preparing the patient for examination, informing the patient Week 11: Life with a chronic illness after surgical interventions Skills: preparing the patient for surgery, wound treatment, informing the patient after operation Week 12: Check-up, discharging the patient Skills: interpretation of the discharge report, advising patients Week 13: End-term Oral test. Presentations Week 14: Closing the term. Evaluating the term
Schedule of consultations: -
<i>Course requirements</i>
Course prerequisites: -
Requirements for participation in classes, the extent of acceptable absences, method of justifying absence, possibility to make up for absences: Attendance of lessons is obligatory. Students are allowed to be absent 7X 45 minutes per semester. In the case of one more absence students who miss a lesson can make up for it once a semester.in agreement with the instructor. A student who misses more than 25% of the seminars will not be allowed to get a signature (Study and Examination Regulations §29). According to the Study and Examination Regulations (§ 28), three tardies count as one absence. Arriving 15 minutes later than the start of the lesson is considered tardiness.
Assessments: A Written mid-term (Topics: week1-6) and end-of-term oral test (Topics: week 1- 12) Students who fail the midterm test must retake it outside of the hours of the lesson
Requirements for signature: Attendance at the written and oral tests and class attendance. A maximum of 7x45 minutes of absence are allowed ; if the number of absences exceeds this, the student may make up (maximum one occasion) in agreement with the instructor. A student who misses more than 25% of the seminars will not be allowed to get a signature (Study and Examination Regulations §29). According to the Study and Examination Regulations (§ 28), three tardies count as one absence. Arriving 15 minutes later than the start of the lesson is considered tardiness.
Students individual tasks during the semester: -

Method of end-of-semester evaluation: graded.term grade

The evaluation of term grade is based on the grades received for the 2 tests . The result of the written test makes up the 40% of the term grade and the result of the oral test makes up 60% of the term grade.

Student performance is assessed as follows:

0–49% = 1 (fail)

50–60% = 2 (pass)

61–75% = 3 (satisfactory)

76–89% = 4 (good)

90–100% = 5 (excellent)

Form of end-of-semester evaluation: Mid-term written test and end-term written test 12. Week and oral test on week 13.

External internships of the course: -

Printed, electronic and online notes, textbooks, guides and literature (URL address for online material) to aid the acquisition of the curriculum: Authentic material compiled by the Department of Languages for Specific Purposes. E-learning material in moodle.

Material needed for the course: -

Course-related scientific results, research: -
