# EVALUATION GUIDE

SEMMELWEIS  
UNIVERSITY 1769

## PRESENTATION SKILLS

1. PowerPoint presentation below expectation, significant number of spelling errors. The content is inaccurate and incomplete (no references included). The speaker reads notes, rather than speaks. Poor time management (less than 6 min or more than 10 min).
2. Poorly organized PowerPoint presentation with spelling errors. The content is incomplete (missing references). The speaker appears anxious and uncomfortable and too often relies on notes. Poor time management (less than 6 min or more than 10 min).
3. Satisfactory PowerPoint presentation with minor spelling errors. The content is generally accurate and complete (some references included). The speaker is generally relaxed and comfortable, but too often relies on notes and has a proper time management.
4. Properly organized PowerPoint presentation, no spelling errors. The content is accurate and complete (references included). The speaker is generally relaxed and comfortable, has fluent expression, generally speaks without reliance on notes, and has a proper time management.
5. Exemplary organized PowerPoint presentation, no spelling errors. The content is accurate and complete (references included). The speaker is relaxed and comfortable, has fluent expression, speaks without reliance on notes, and has a proper time management.

## DISCUSSION SKILLS

1. Presenter is uncomfortable with questions, inadequate answers given, no explanations or elaboration at all.
2. Presenter demonstrates inadequate knowledge of the topic and generally fails to elaborate.
3. Presenter demonstrates satisfactory knowledge by answering all questions, but generally fails to elaborate.
4. Presenter demonstrates proper knowledge by answering all questions, generally with explanations and elaboration.
5. Presenter demonstrates full knowledge by answering all questions with explanations and elaboration.

## PROGRESS STATUS

### BELOW 50 ELIGIBLE FULL TEXTS

1. Full-text selection and reference searching are done, and data extraction is started.
2. Data extraction is completed, but no figures to show.
3. Data extraction is completed. Some of the results are shown.
4. 5. The final analysis is finished. The first article writing has been started, and others (Risk of Bias, GRADE, etc.) are ongoing.
5. Article writing is finished, and the manuscript has been sent for internal review.

### ABOVE 50 ELIGIBLE FULL TEXTS

1. Full-text selection is done, reference searching is ongoing, and data extraction has not been started or only minimally.
2. Data extraction is partially completed.
3. Data extraction is completed (including double-checking), but no figures to show.
4. Data extraction is completed. Some of the results are shown, and others (Risk of Bias, GRADE, etc.) are ongoing.
5. The final analysis is finished. The first article writing has been started.

## OVERALL IMPRESSION

1. Failed
2. Poor
3. Average
4. Very Good
5. Brilliant
